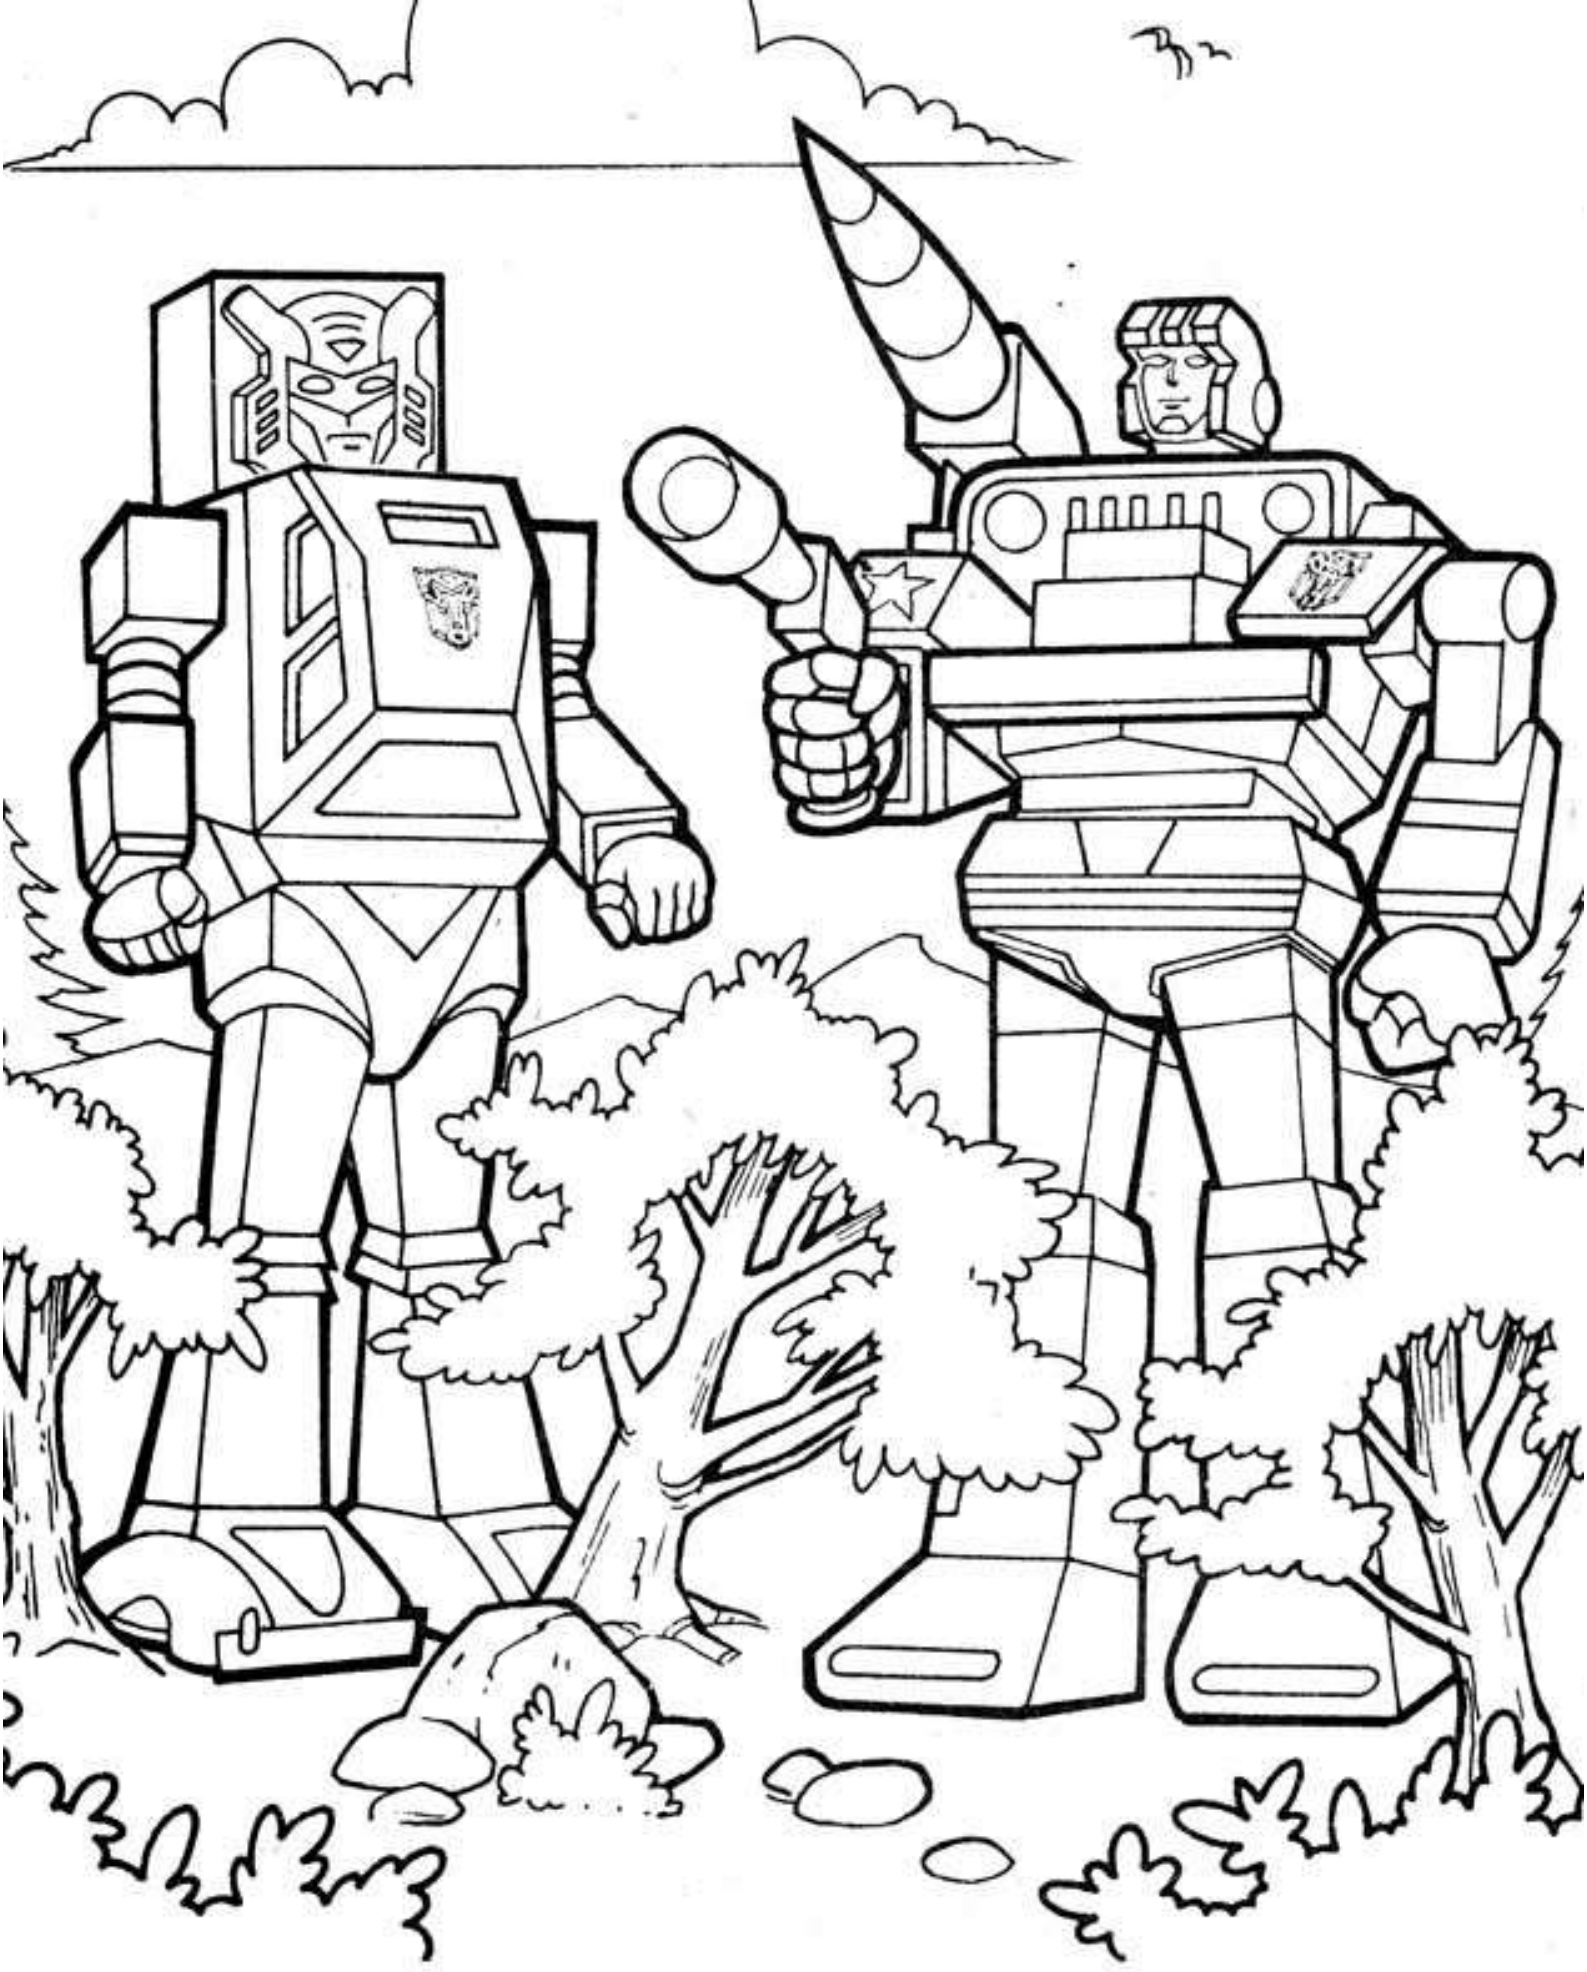
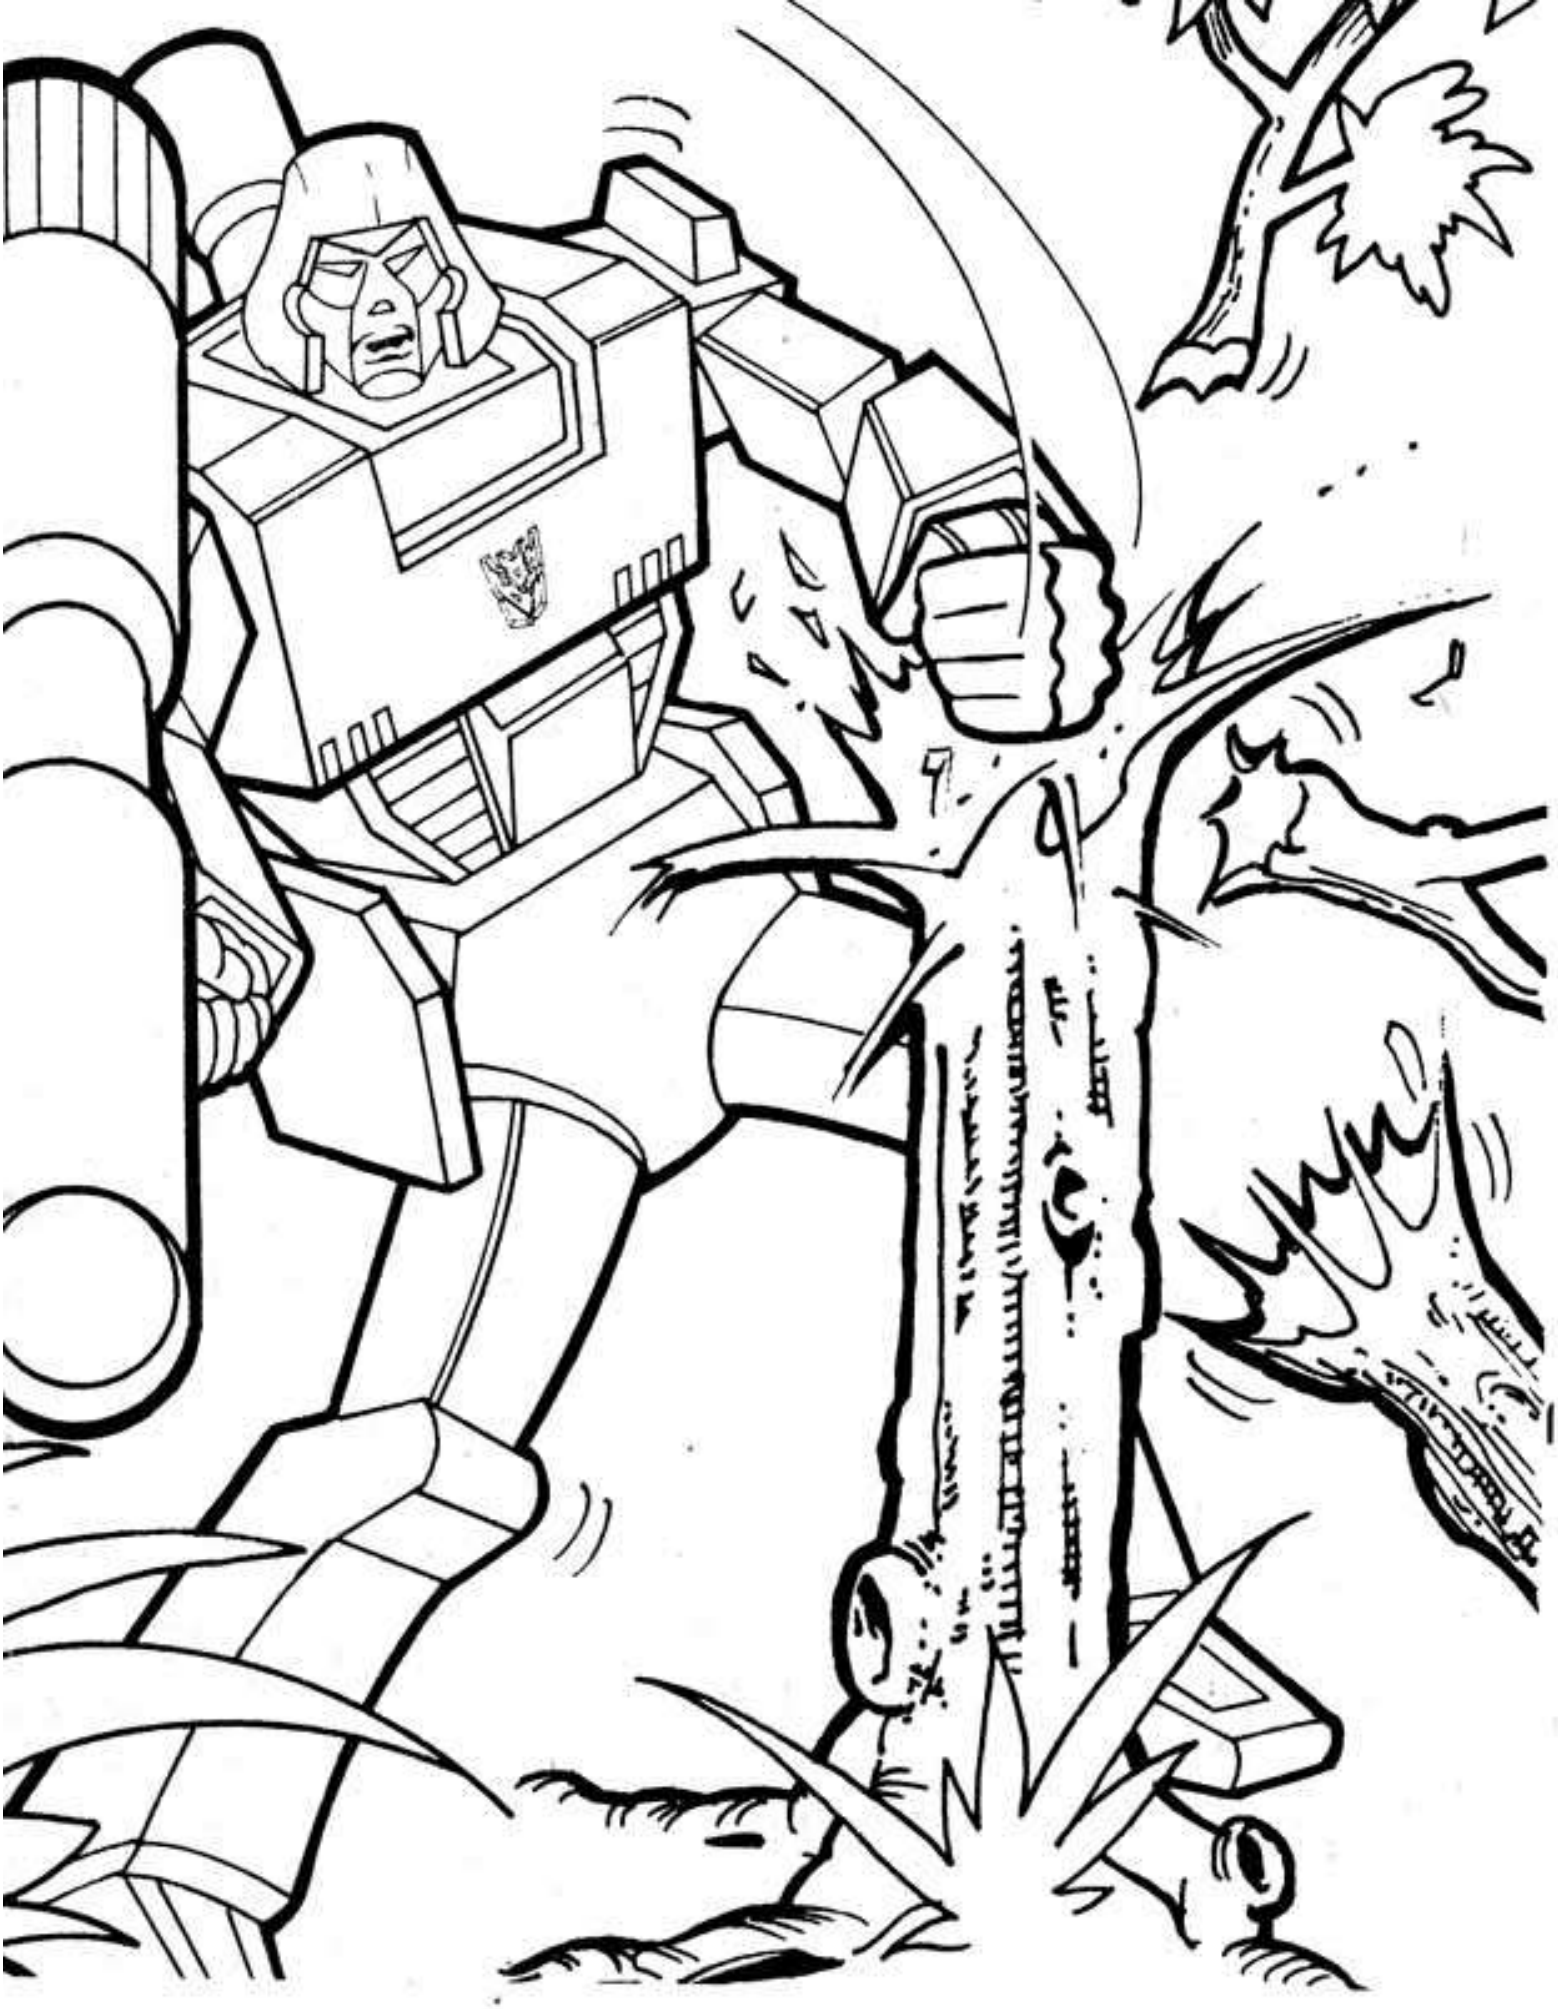
This is Optimus Prime, leader of the noble Autobots!
He can turn into a combat deck and into a big truck!



Bumblebee and Hound help Optimus Prime fight Decepticons everywhere!

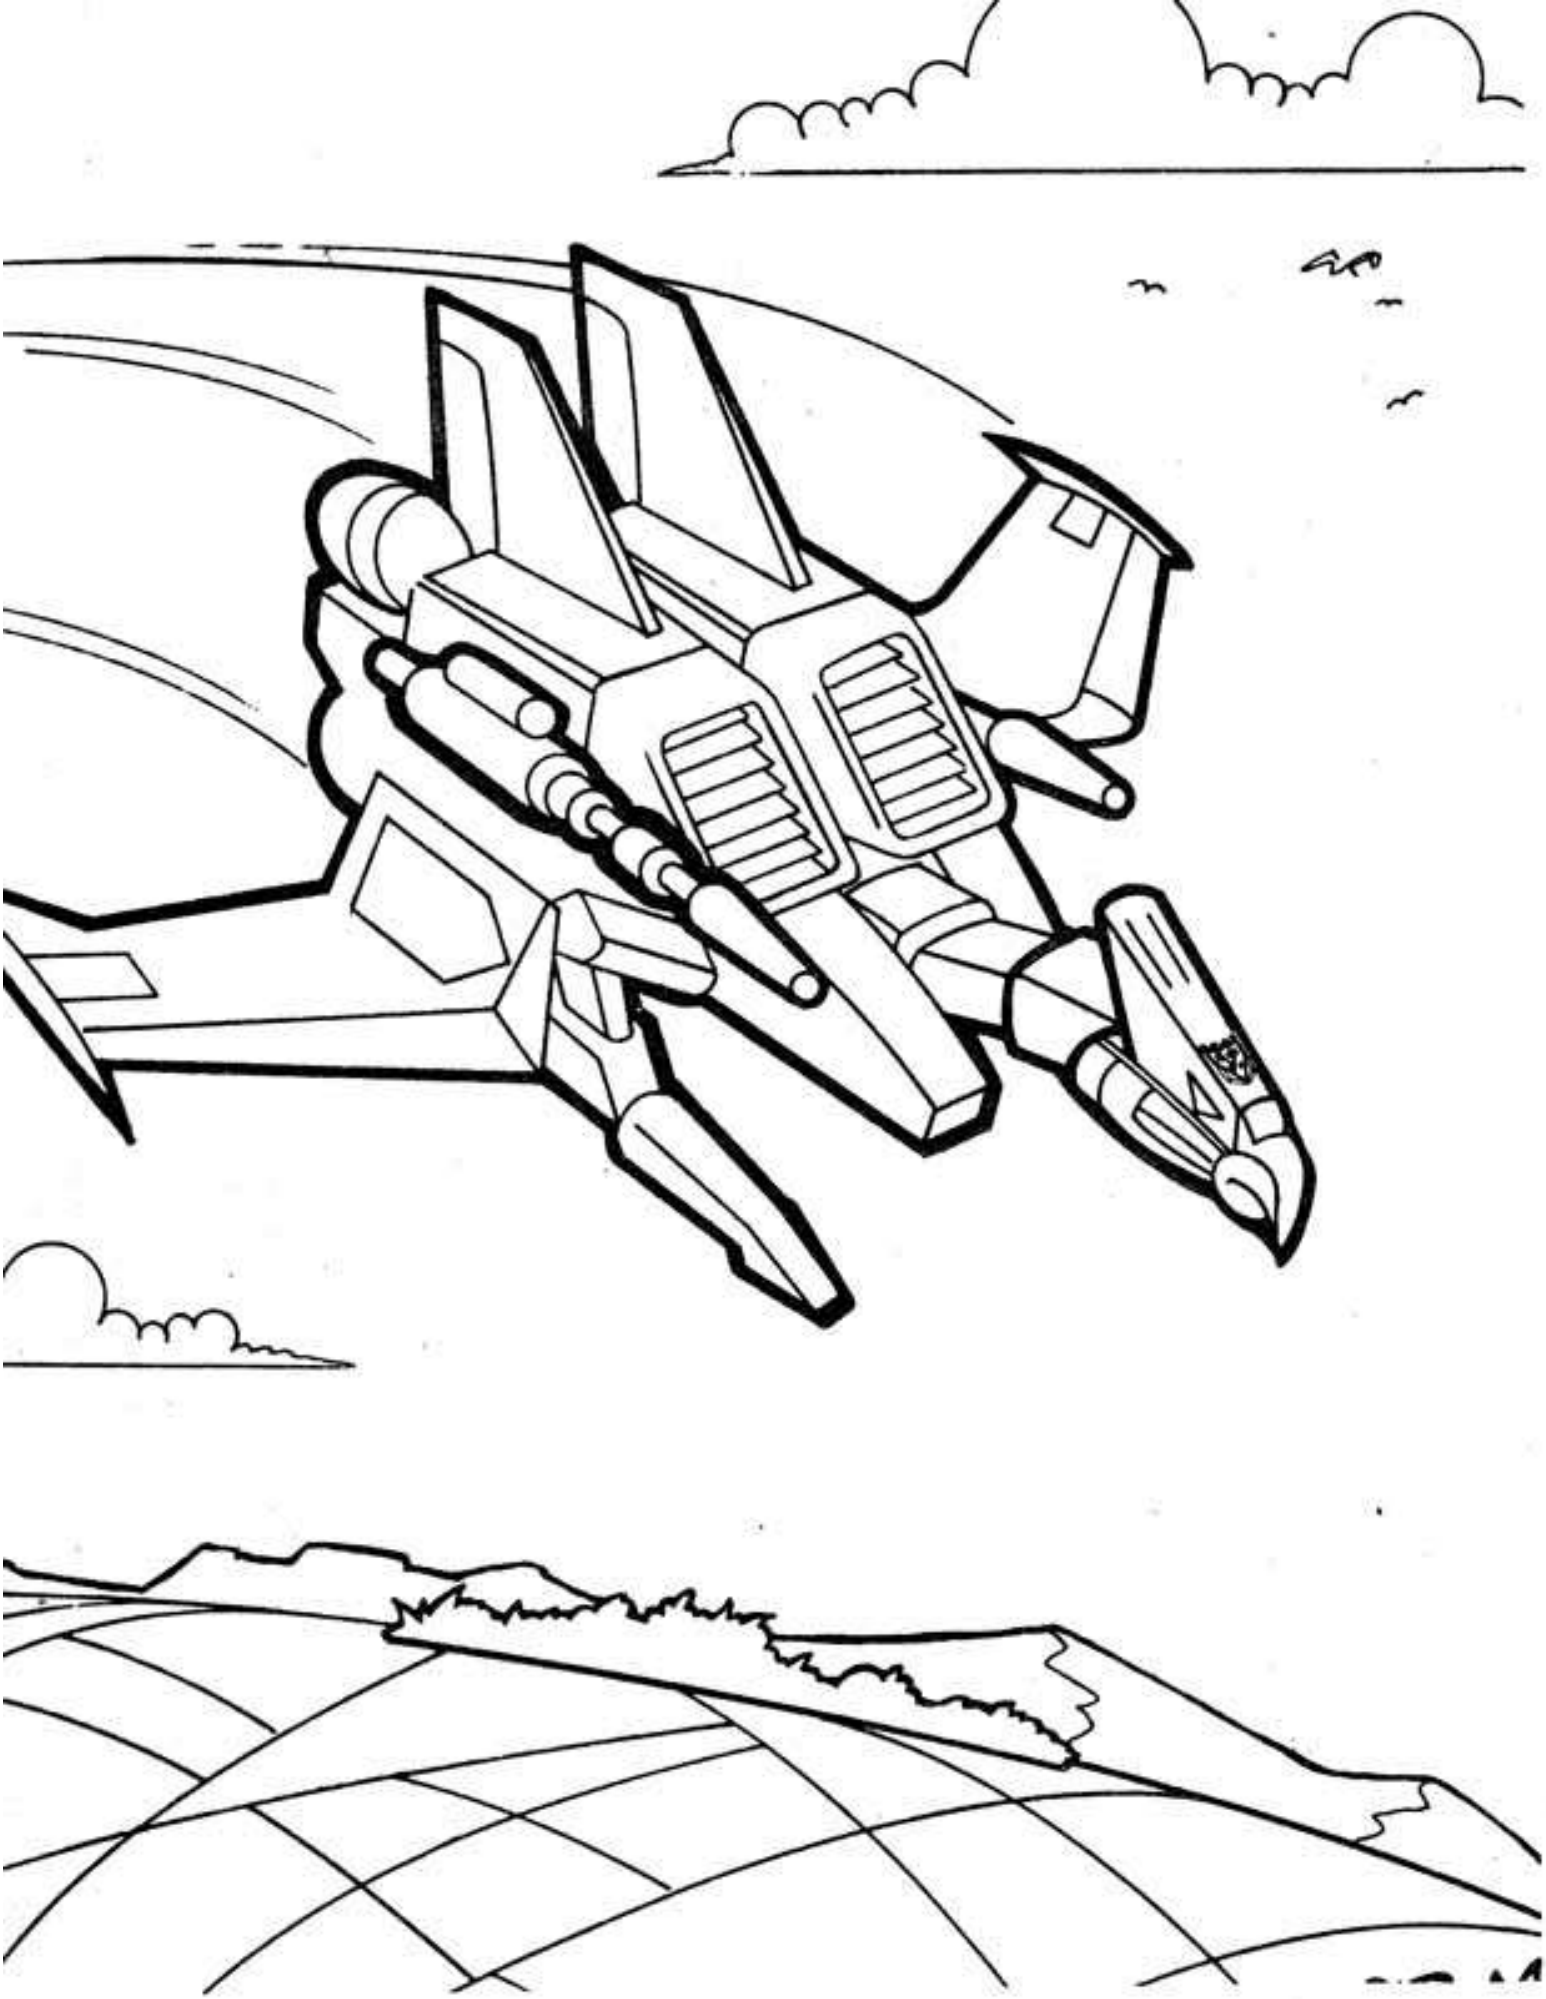
Bumblebee has telescopic eyes. He can see things very far away.

And, like the other Autobots, he can change his identity. Bumblebee can become a small car!



This is Megatron, leader of the evil Decepticons! He loves to smash things with his fists!

The Decepticons Ravage and Starscream love to follow Megatron's every order!

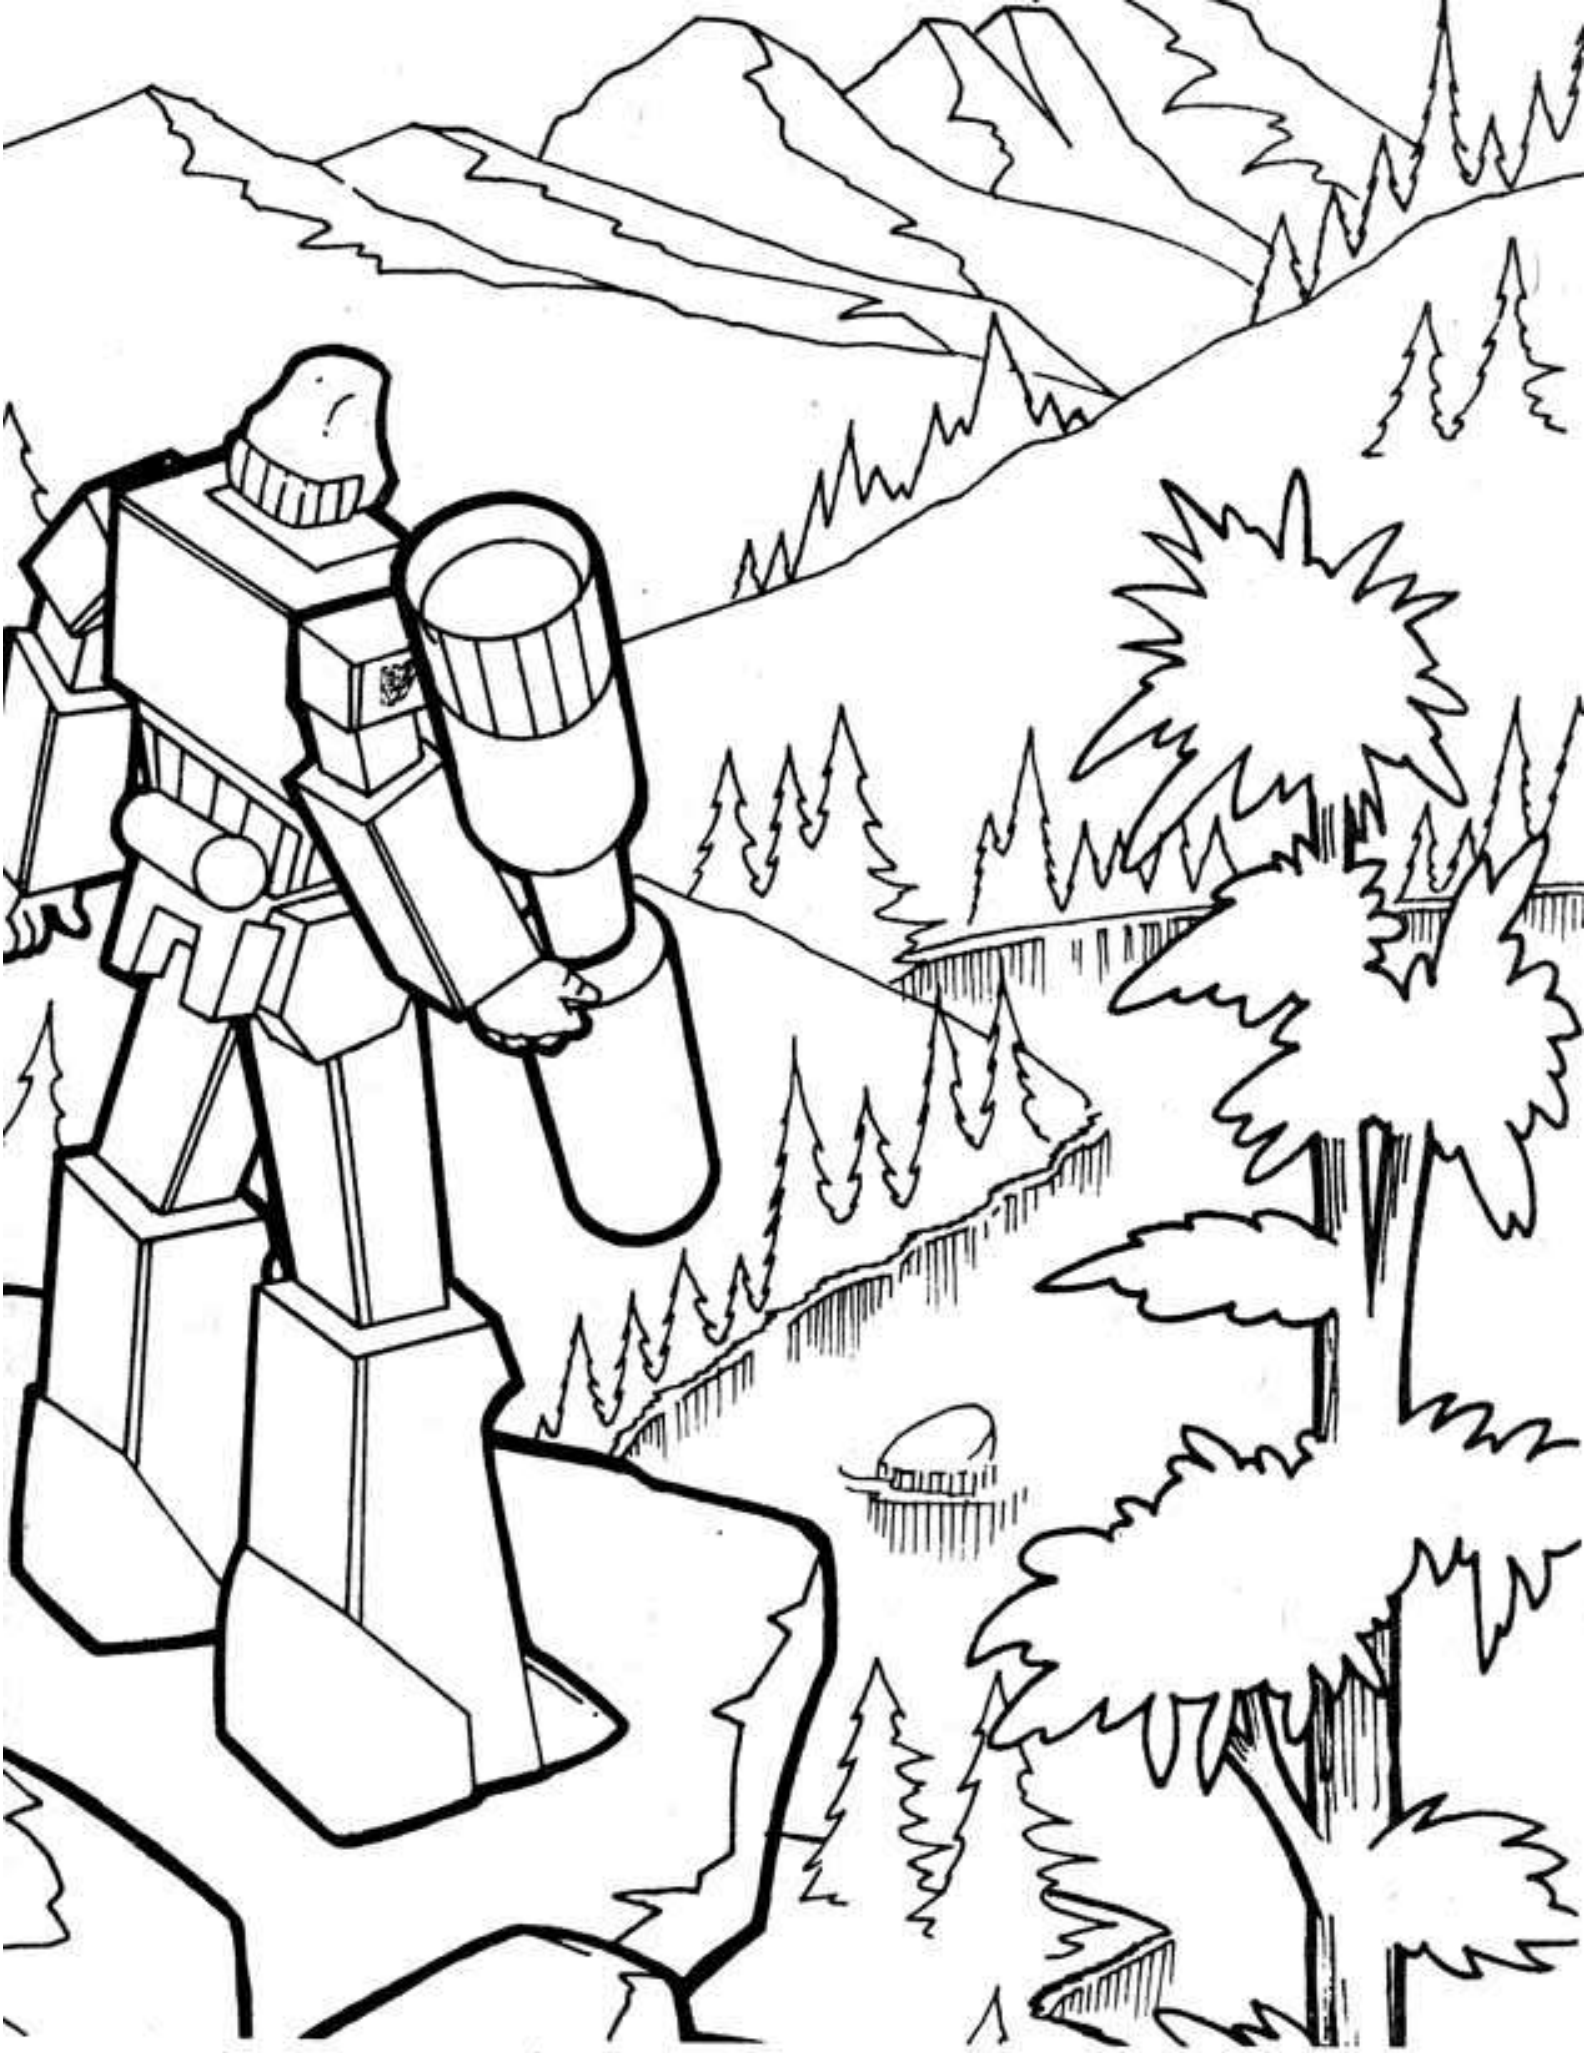


This winged Decepticon is the cowardly Laserbeak.

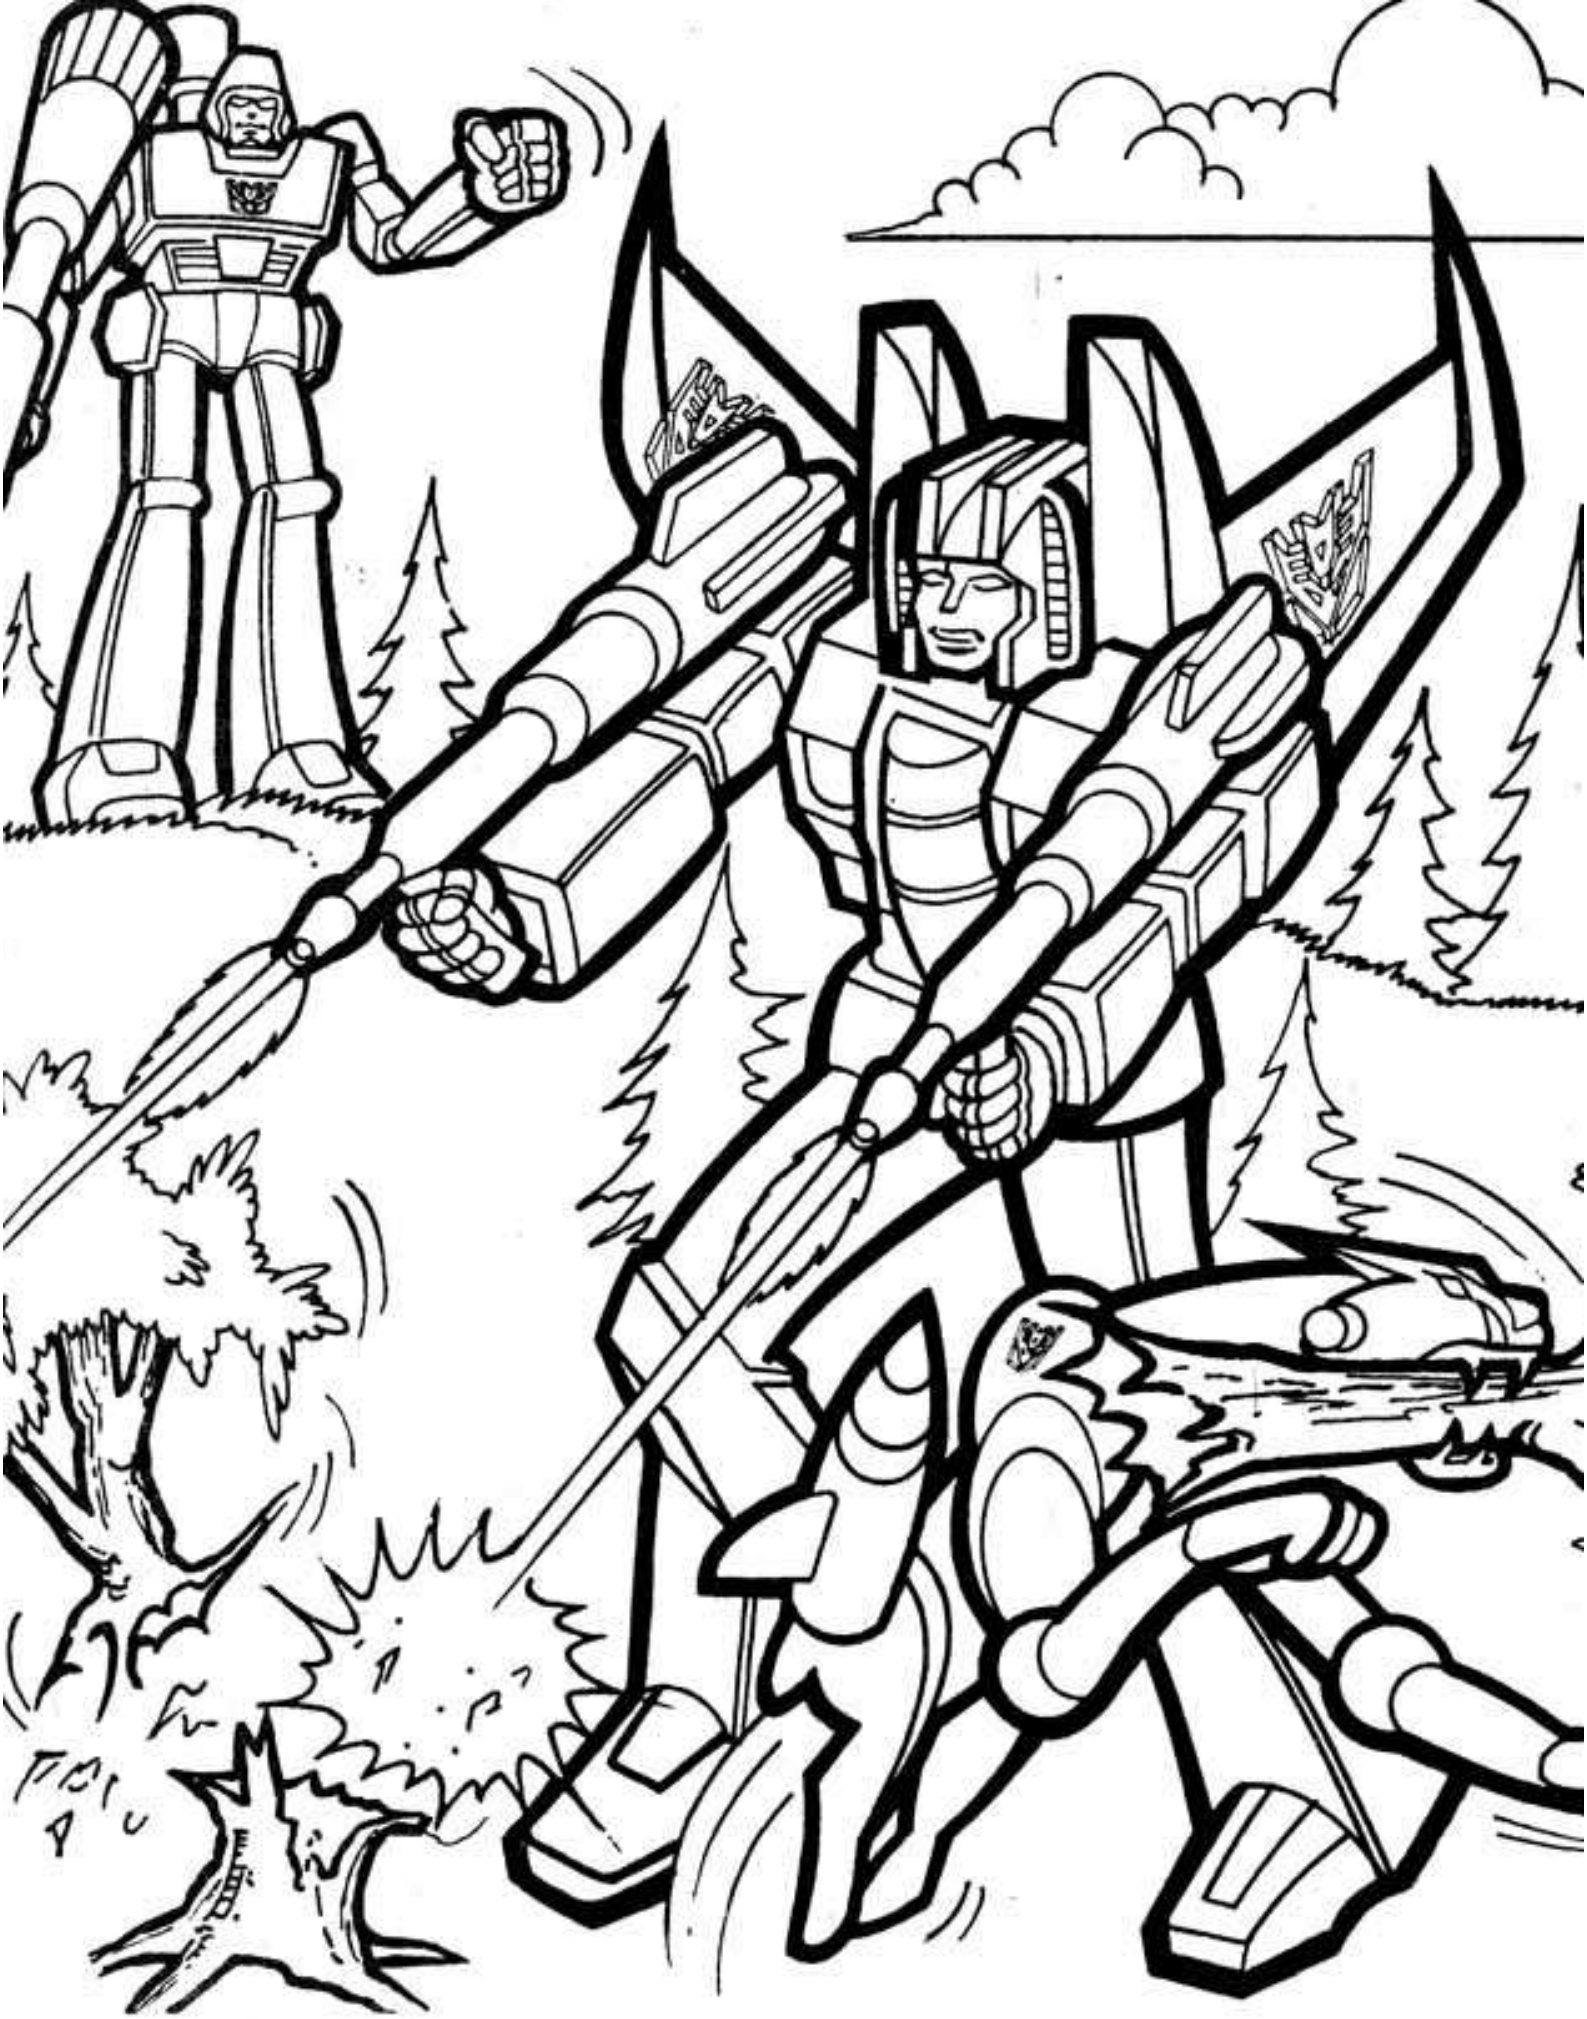
"This is the day of the Decepticons!" shouts Megatron.

"Patrol every inch of the Earth!" says Megatron. "Find a spot we can use to make an army of Decepticons!"

"Then we can smash the Autobots and rule the world!" shouts Megatron.



"Look at this beautiful wilderness!" says Megatron.



"It's a great place to build a Decepticon factory!" says Megatron. "Get rid of all these stupid trees!"

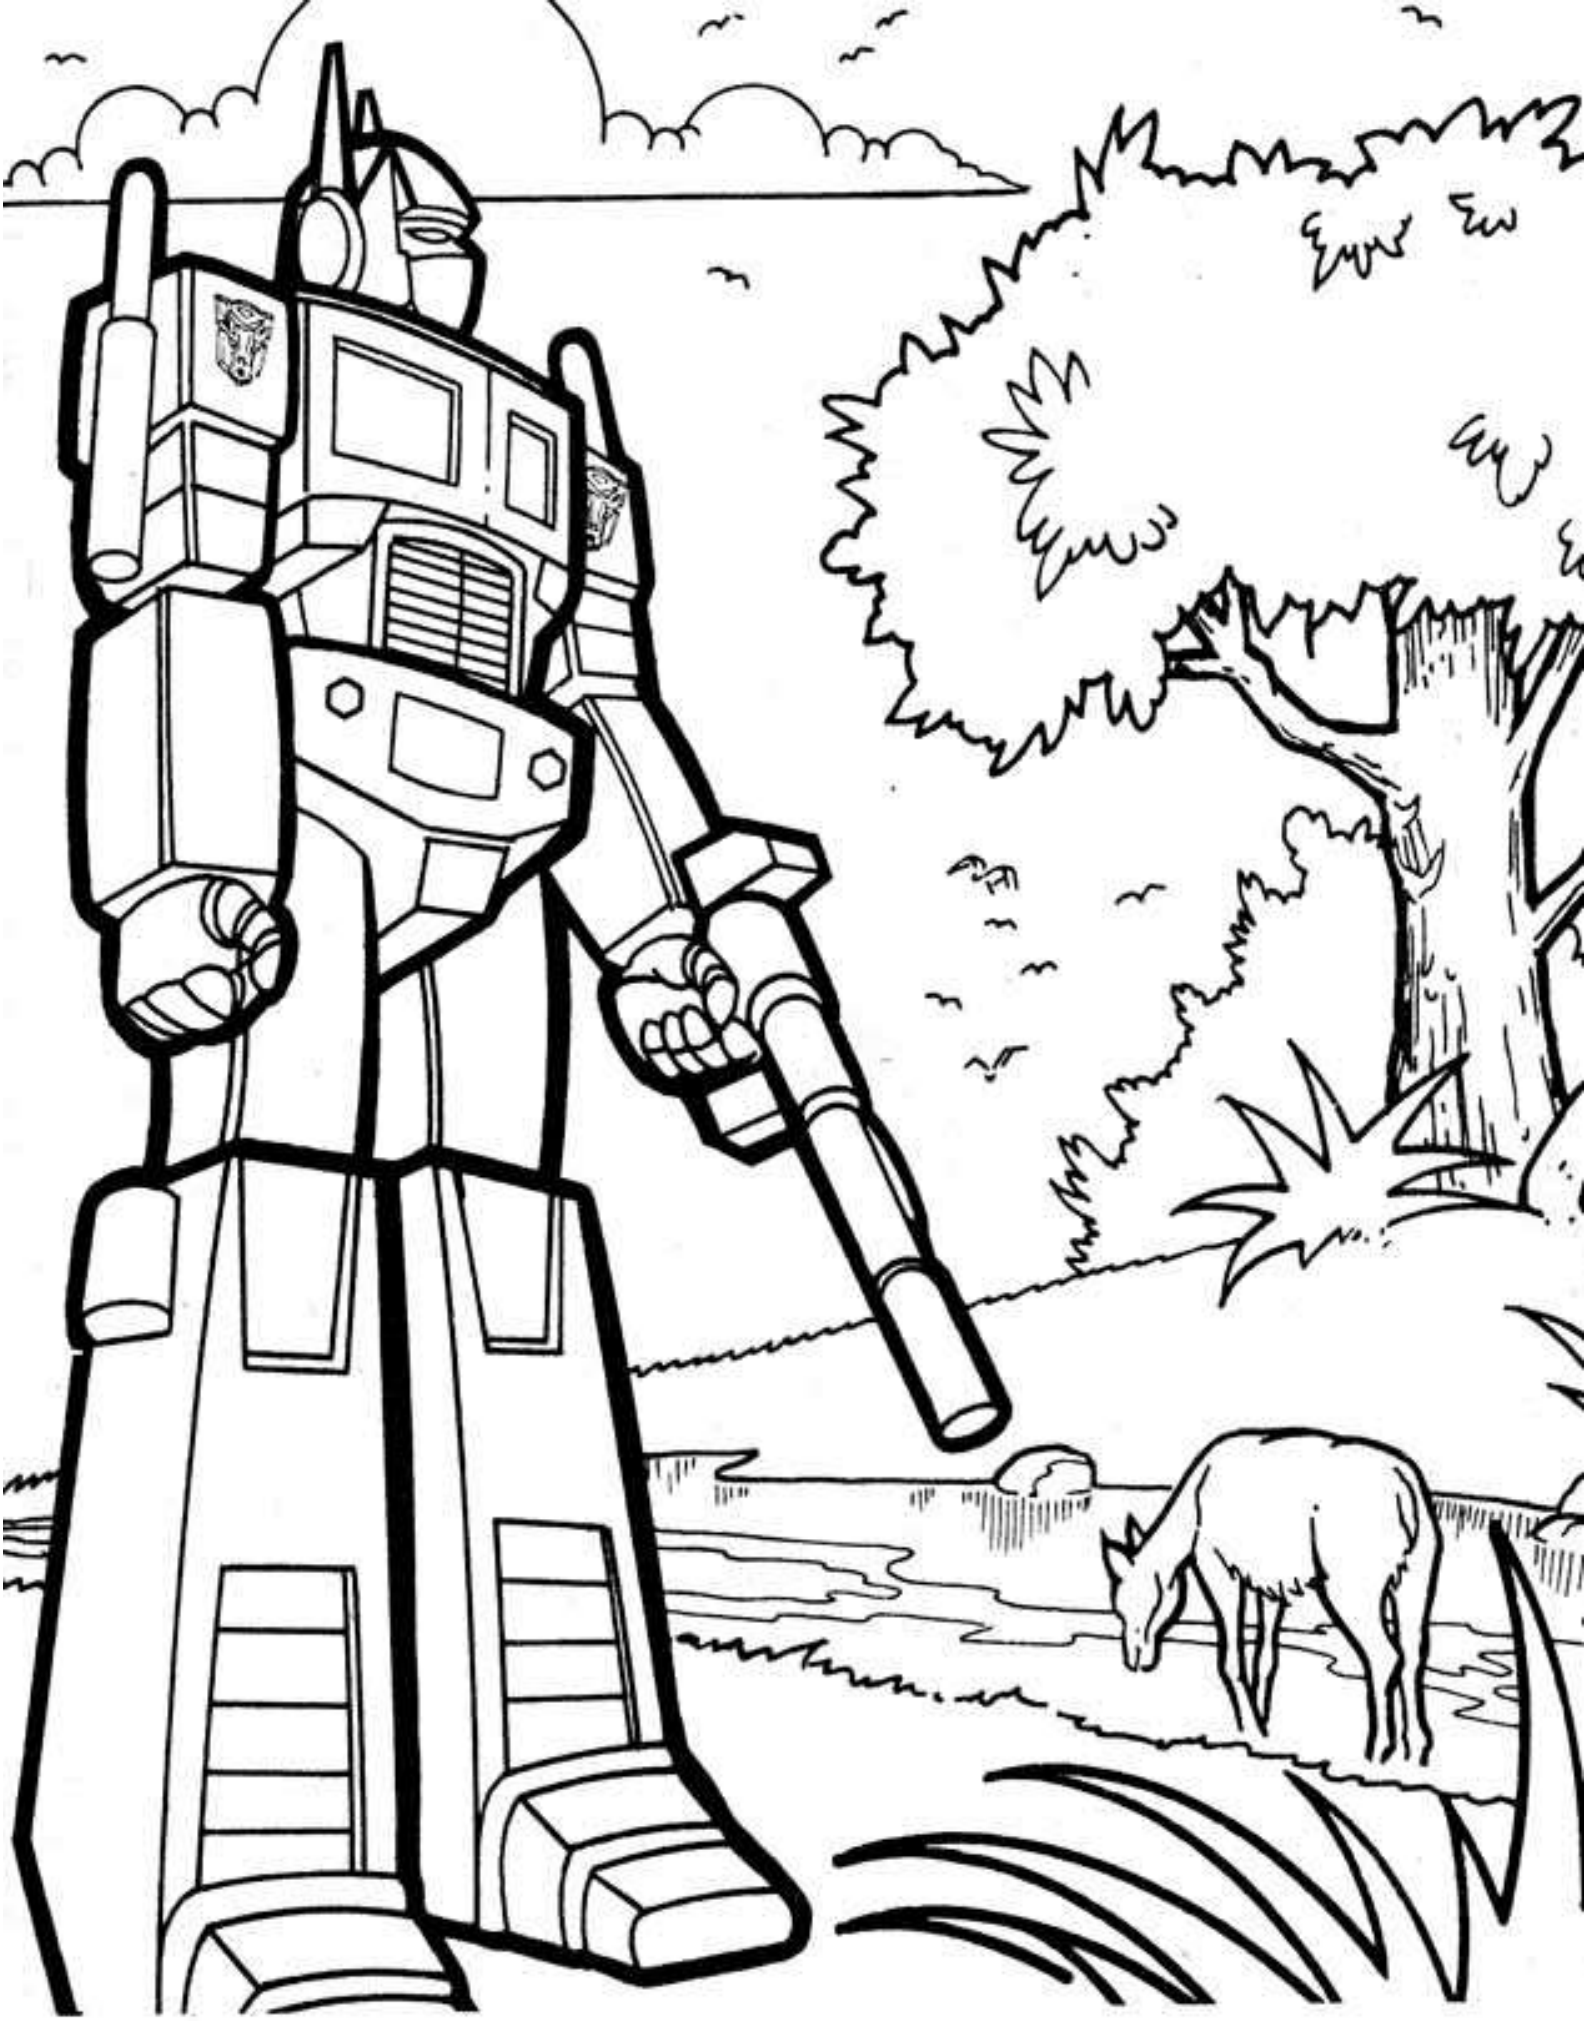
"Soon I'll have a Decepticon army big enough to crush the Autobots!" says Megatron.

Meanwhile Optimus Prime and his friends are going on vacation to the forest!

"I really love the forest!" says Butch.

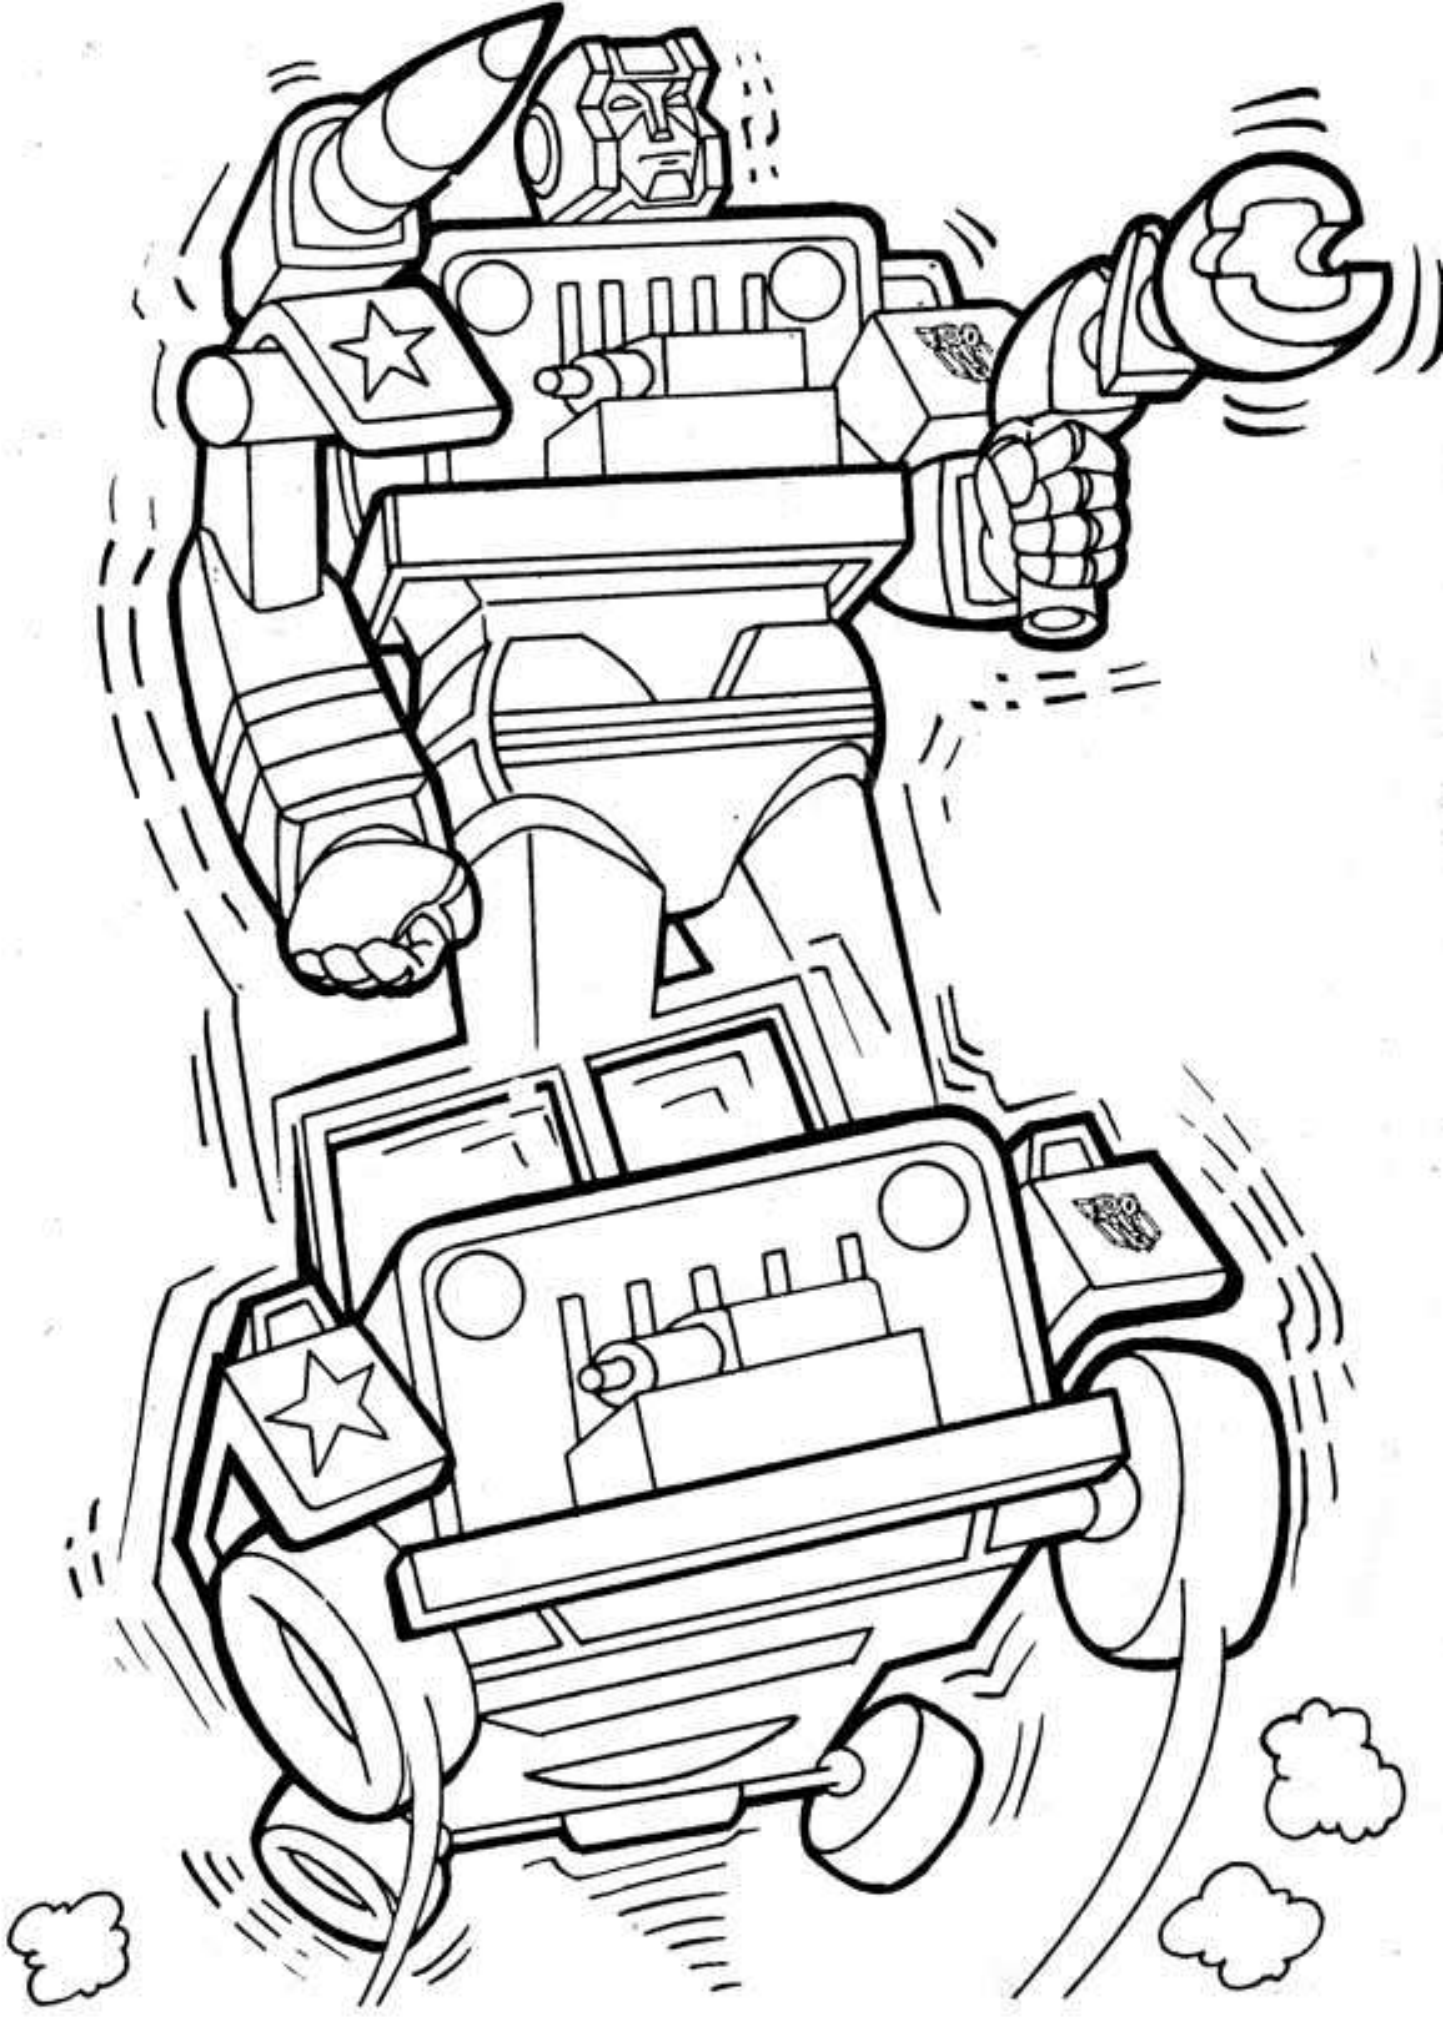
"Lets go fishing in that lake!" shouts Butch excitedly.

"I bet I catch a big one, Dad!" says Butch.
"Thank you, Sparkplug," says Bumblebee. "This polish will really make me shine!"

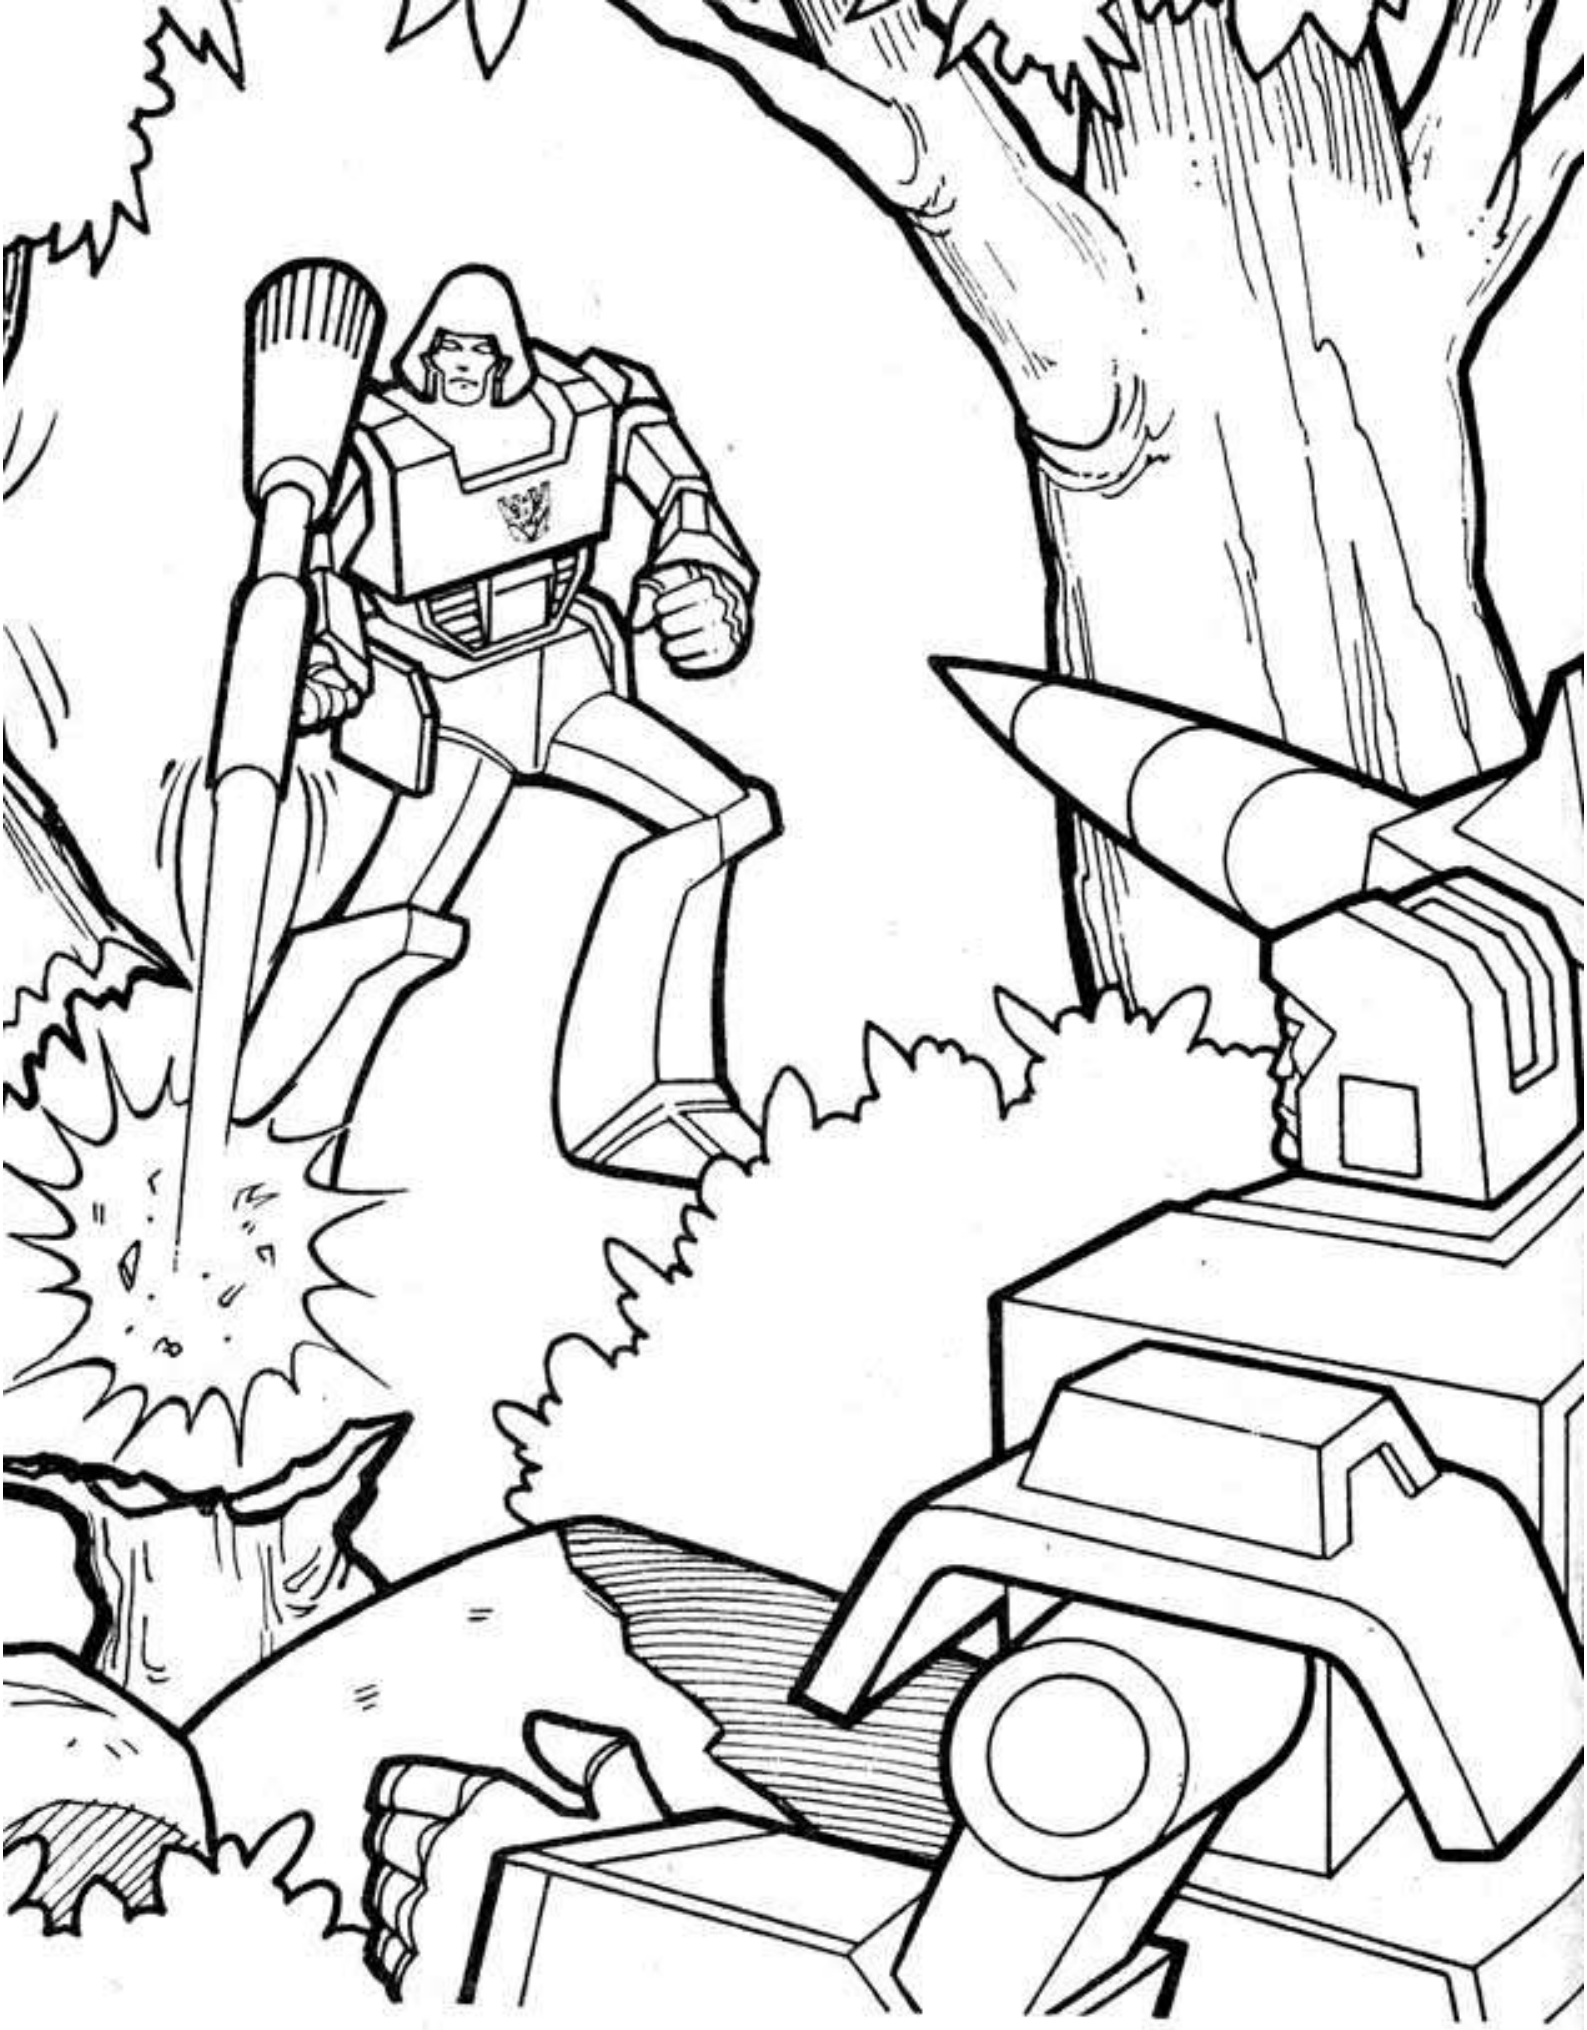


"It is too peaceful today," says Optimus Prime. "I bet the Decepticons are planning trouble!"

"Driving over this kind of country is great exercise for me!" says Hound.



"I am hearing something suspicious!" says Hound. "I'd better turn into robot mode.

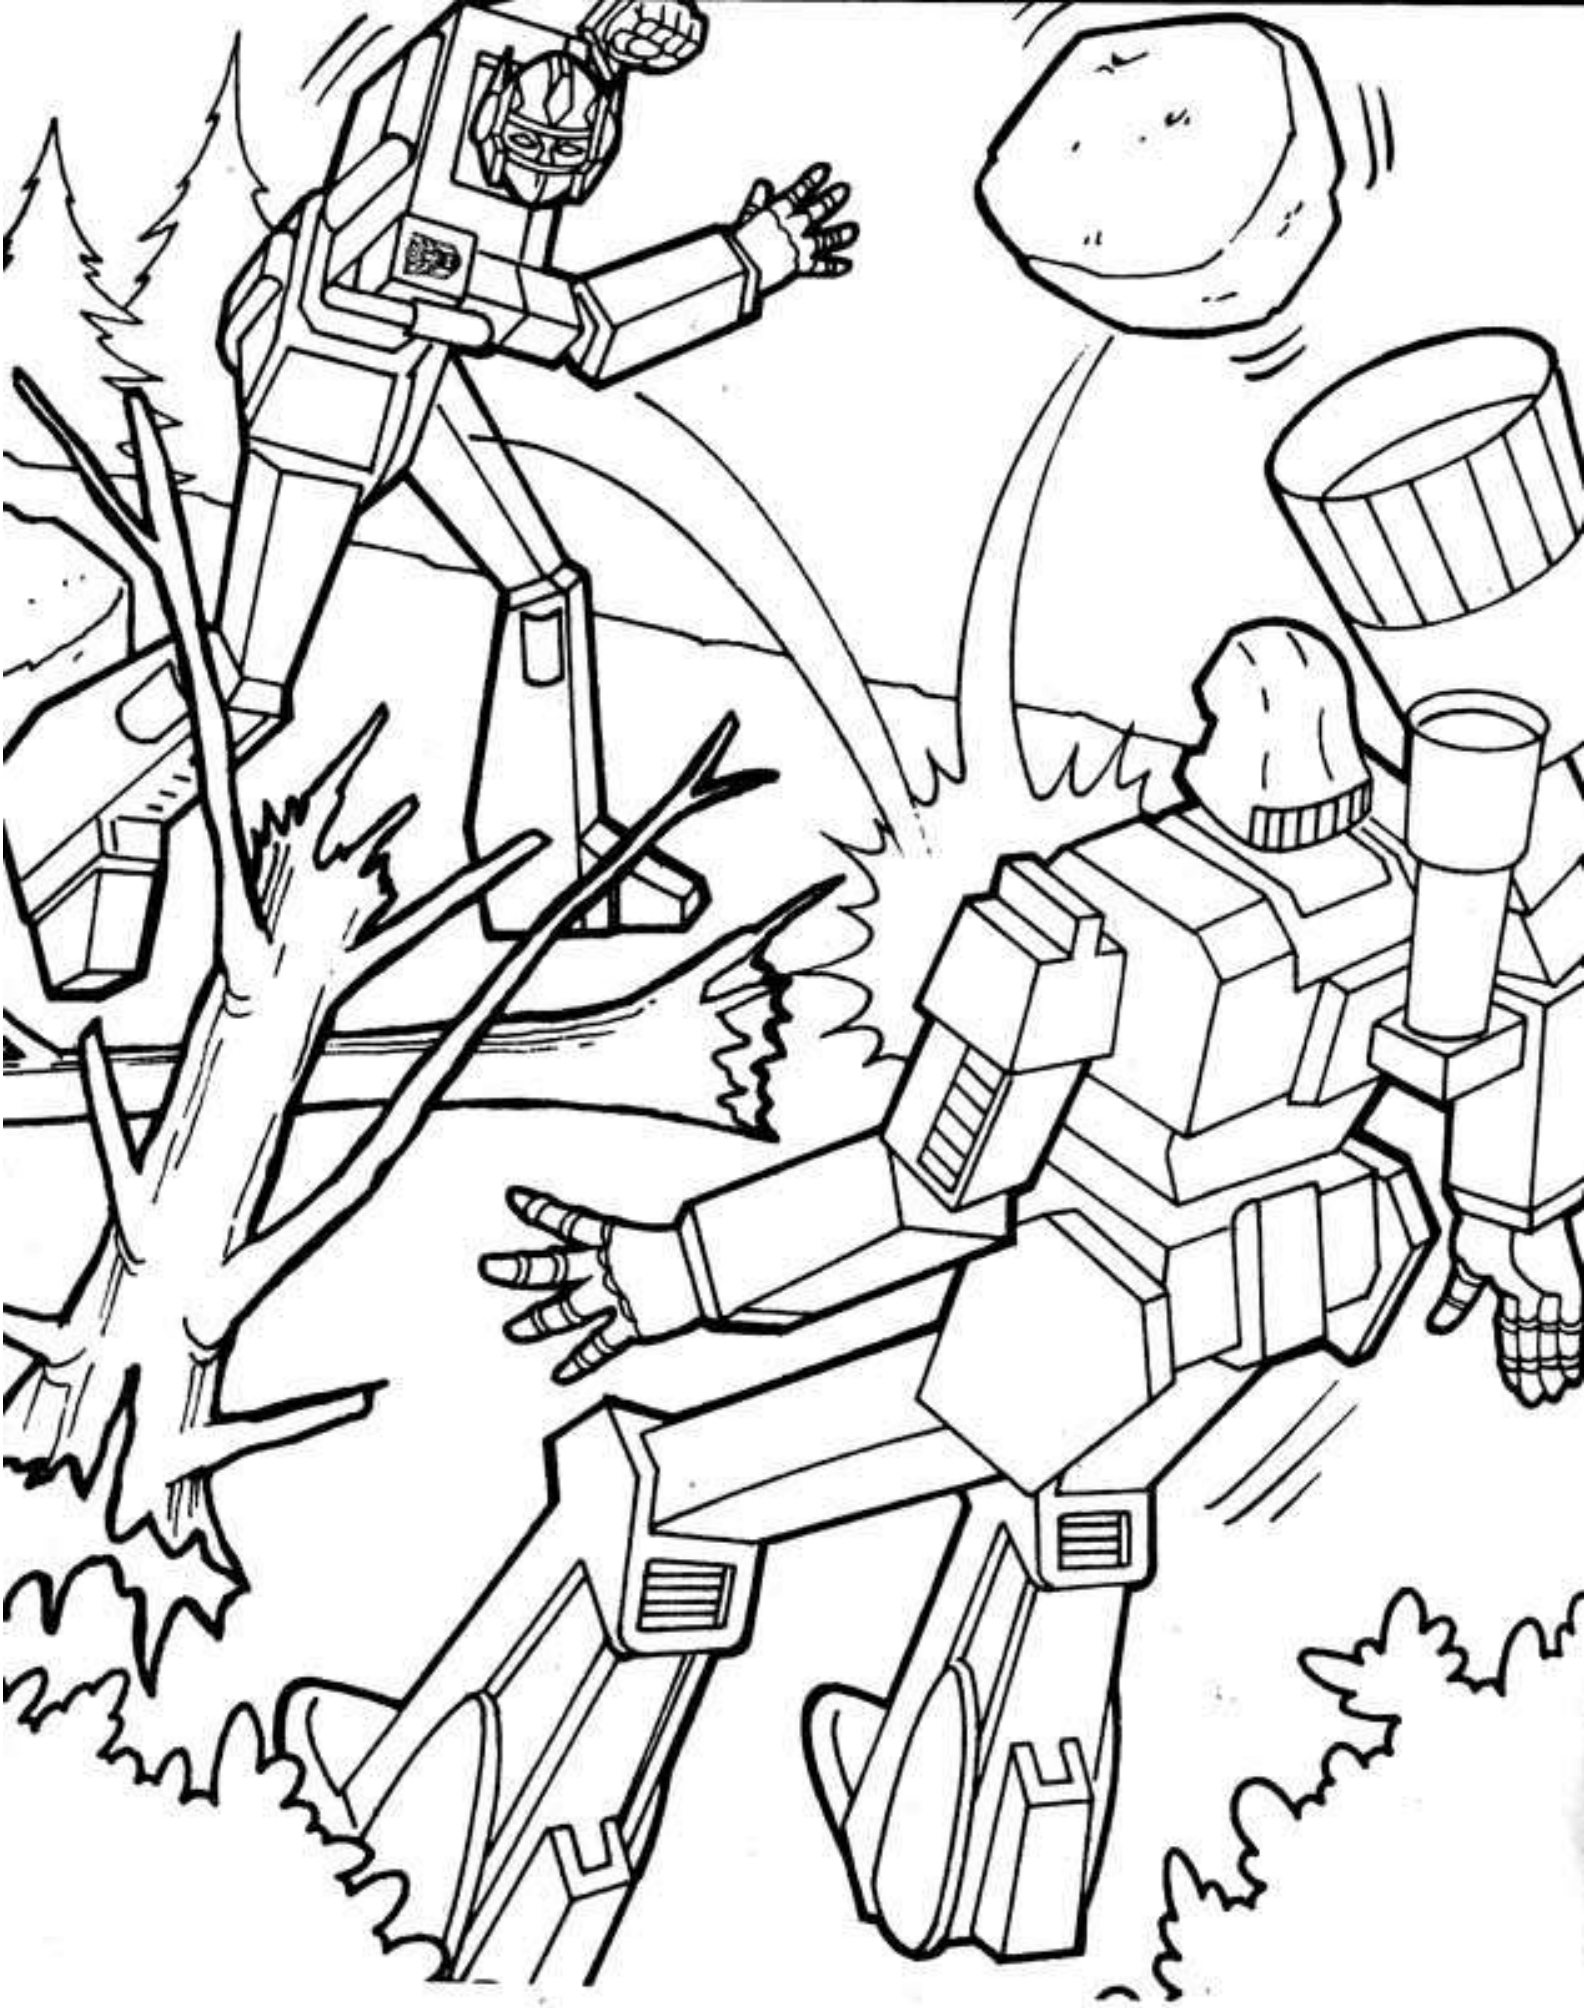


"Oh no!" thinks Hound. "It's Megatron and his Decepticons! I must tell Optimus Prime!"

"Optimus Prime! The Decepticons are wrecking the wilderness!" says Hound.

"We have to stop them! It is our duty to protect all helpless creatures from the evil Decepticons!" says Optimus Prime.

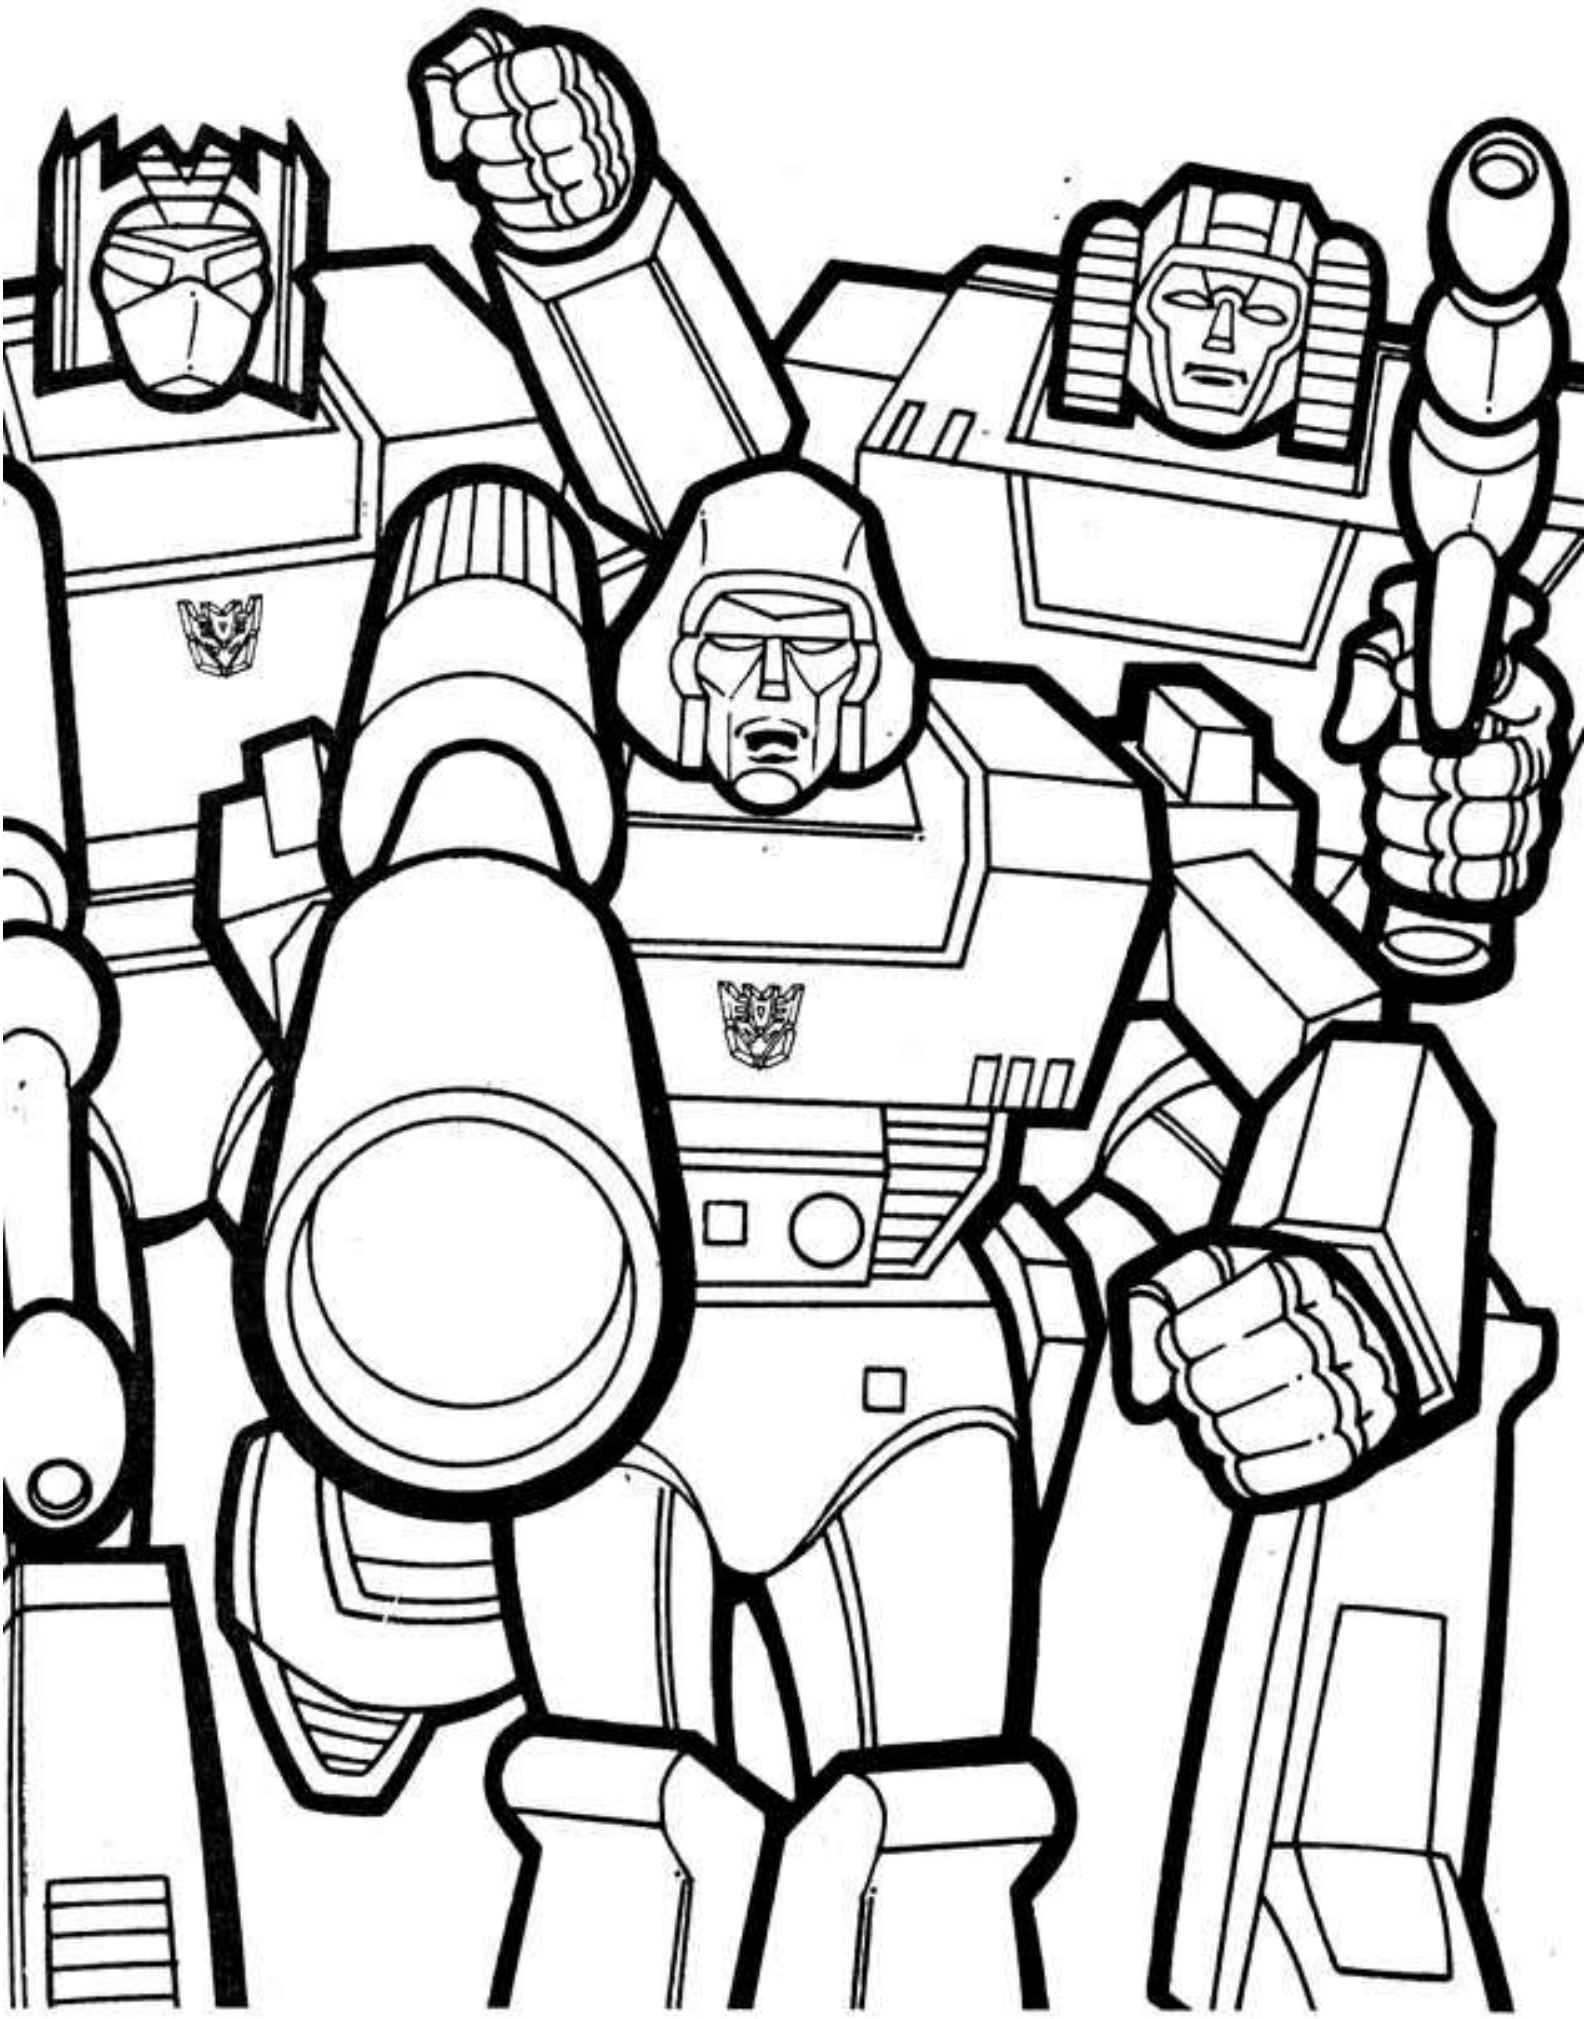
"Soon the forest will be gone!" laughs Megatron. "Then I can build my Decepticon factory!"



"That's what you think, Megatron!" shouts Optimus Prime.

"You'll pay for this, Optimus Prime!" shouts Megatron. "Attack the Autobots, my Decepticons!"

"Surrender, Megatron!" says Optimus Prime.
"Never!" says Megatron.



"Bah! We can beat any Autobot!" says Megatron.

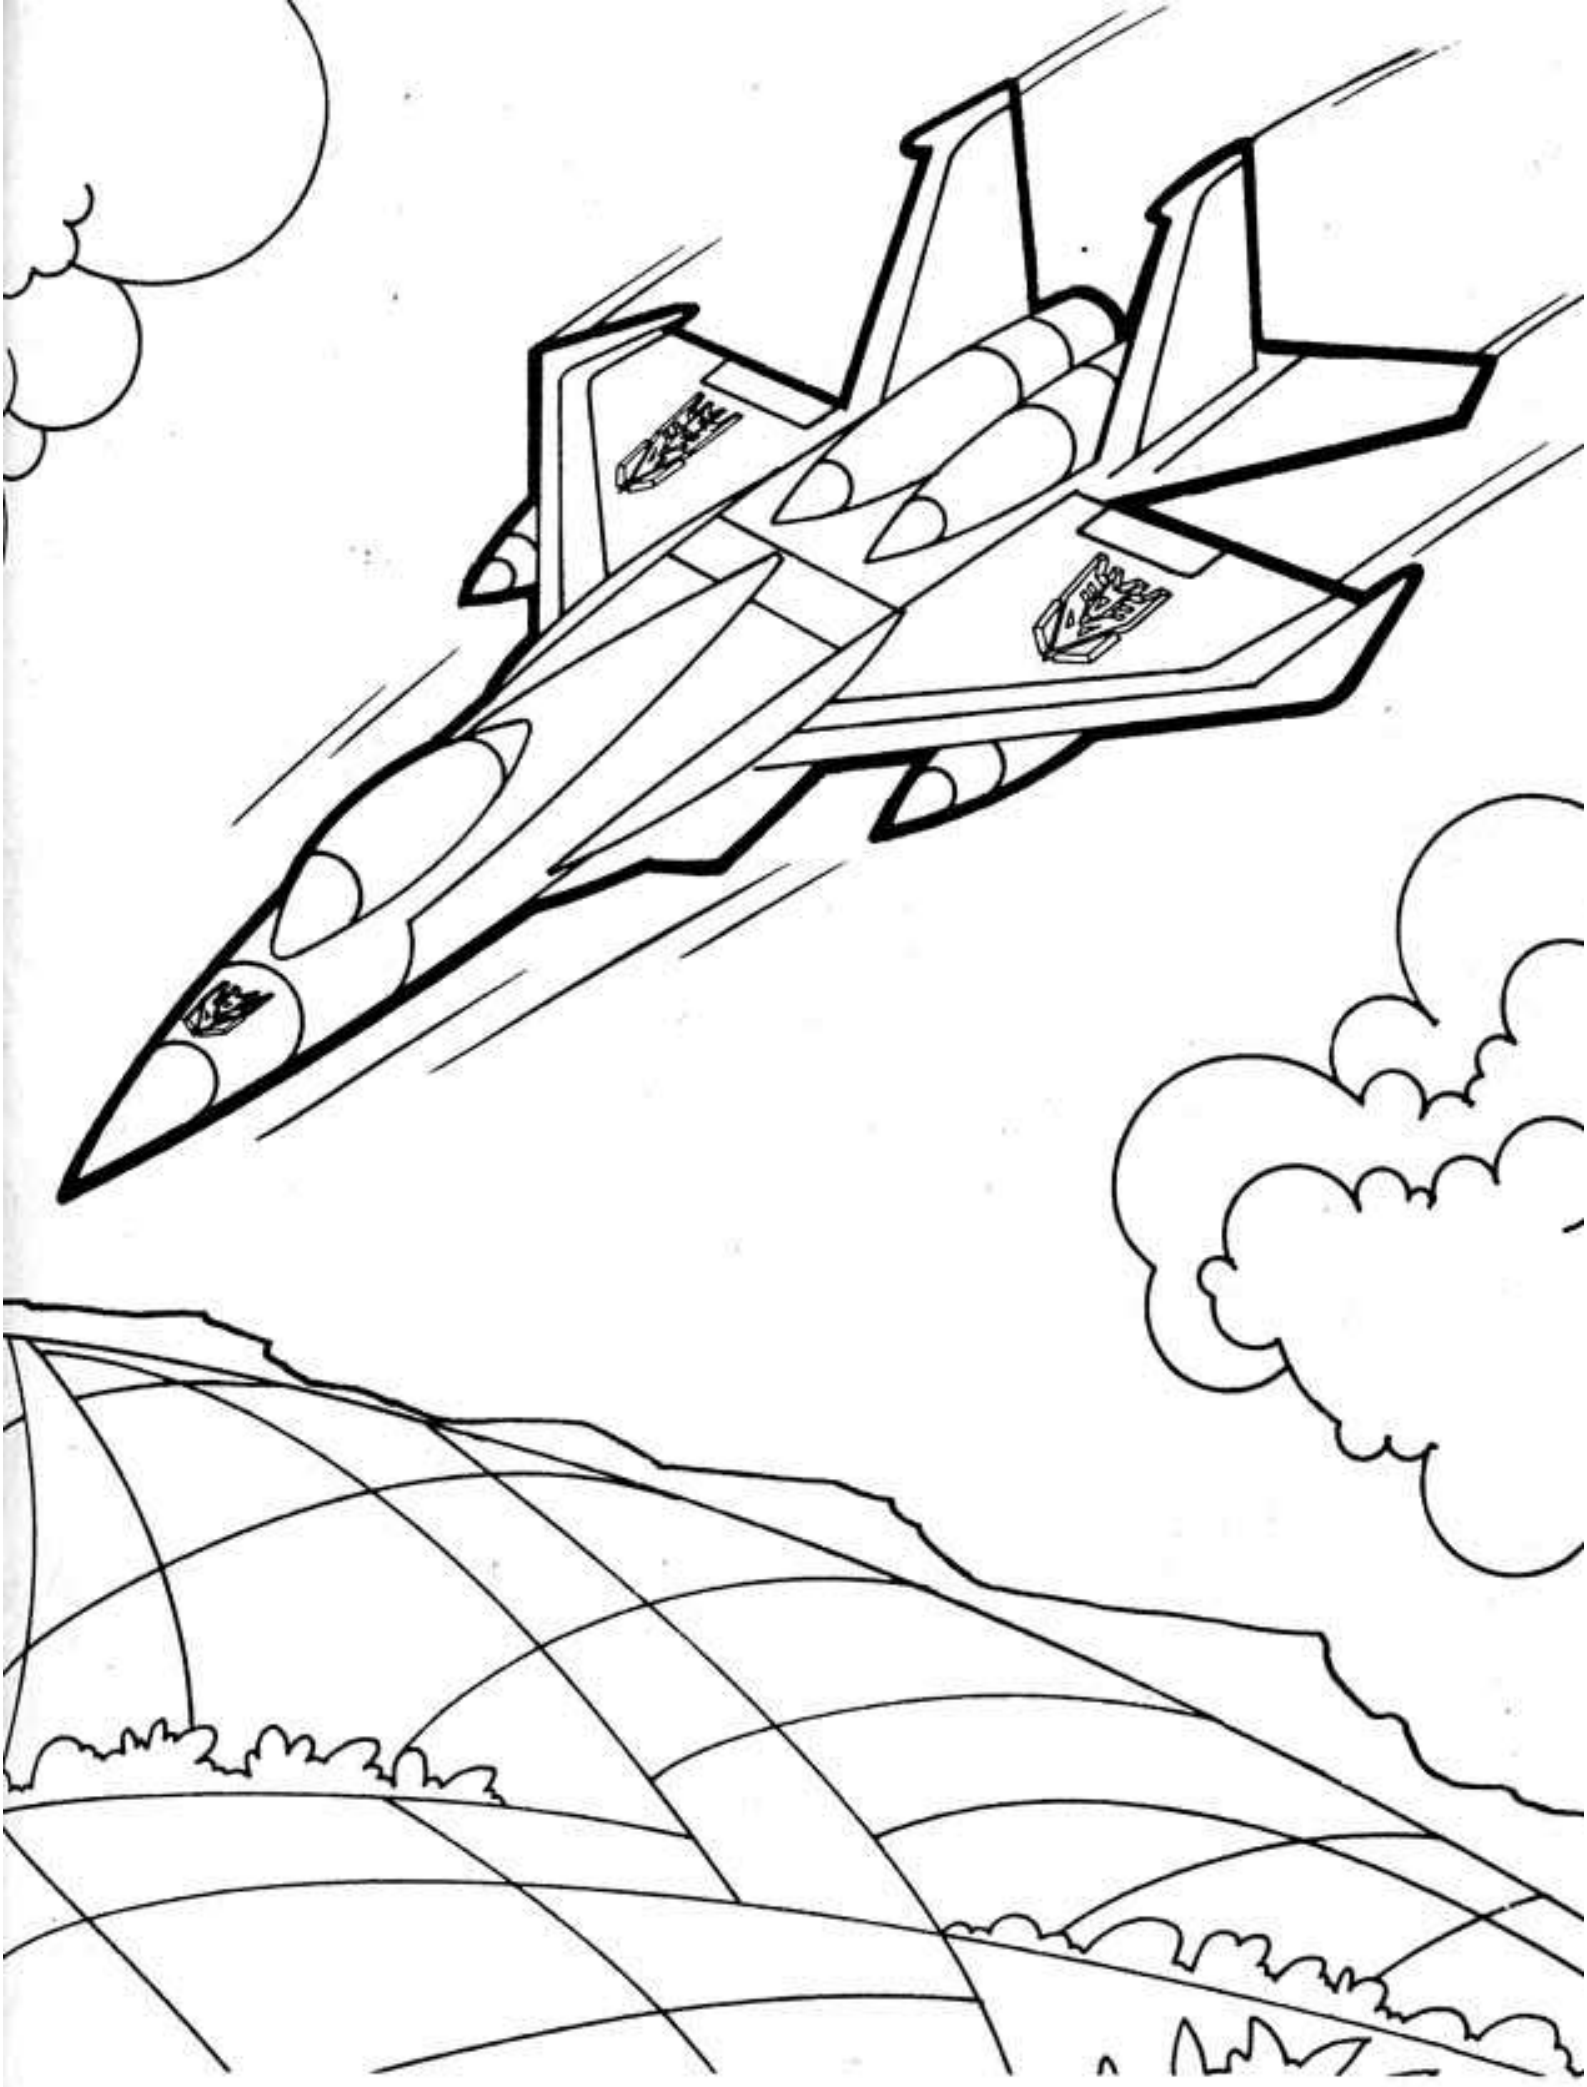
"We'll wreck that forest with our bare hands!" shouts the super-angry Megatron. "Attack!"

"I smell an Autobot here!" growls Ravage.

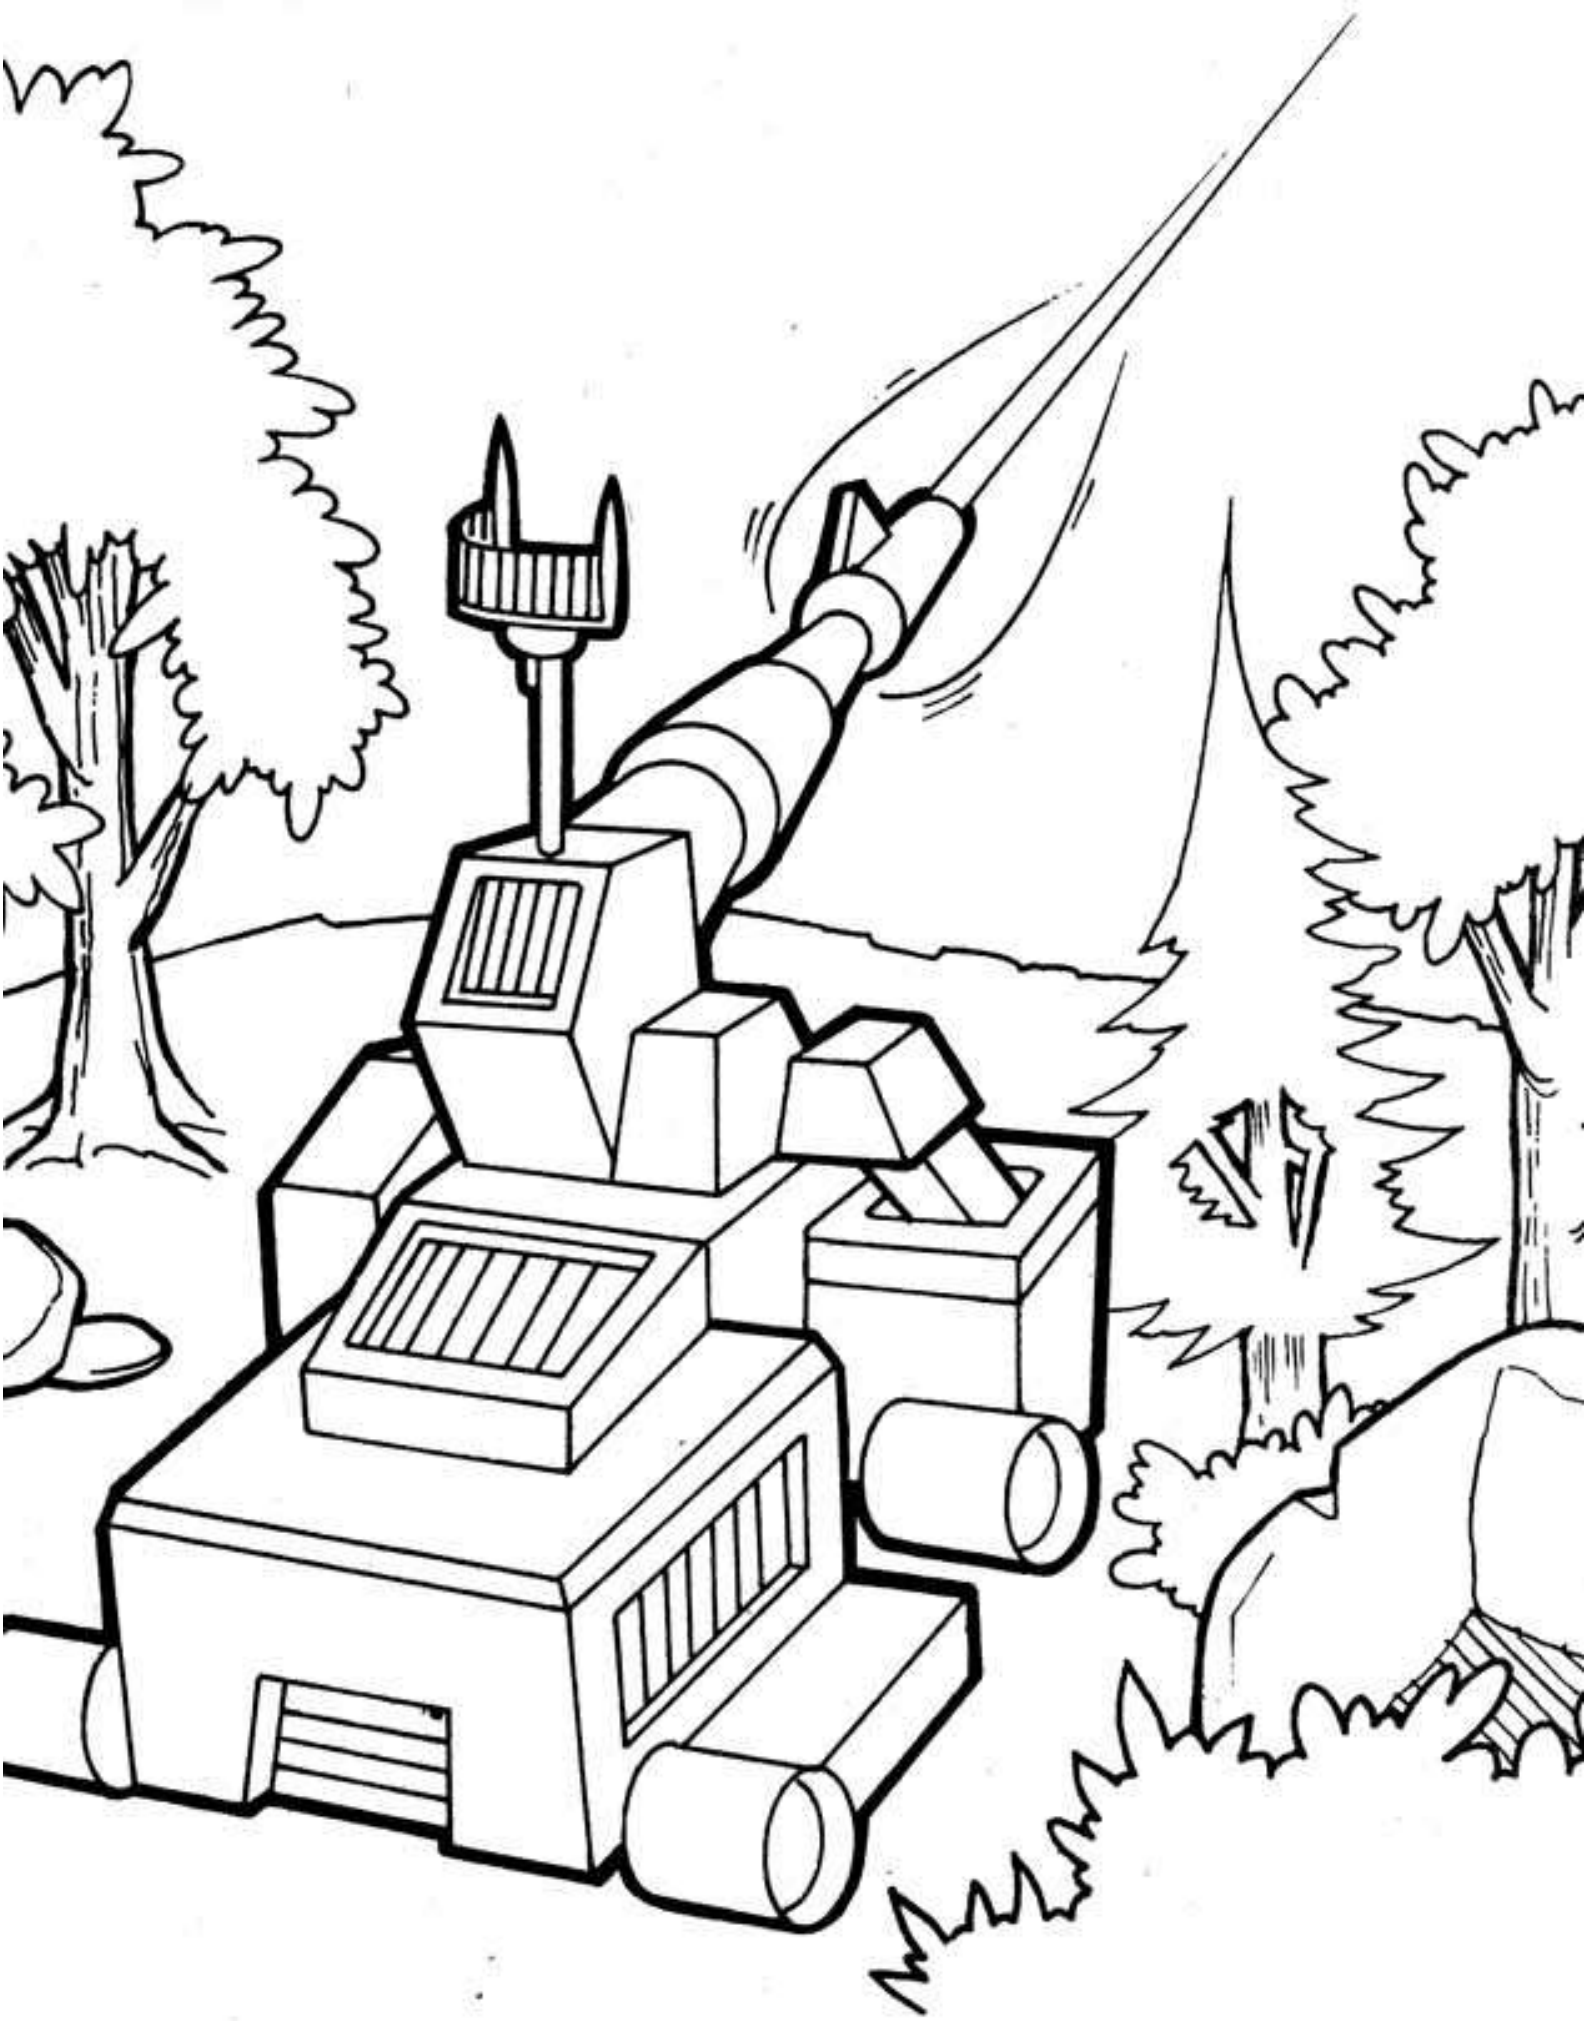
"Growl! I'll tear you to pieces, Bumblebee!" growls Ravage.

"Only if you catch me!" says Bumblebee. "Next time you should look before you leap!"

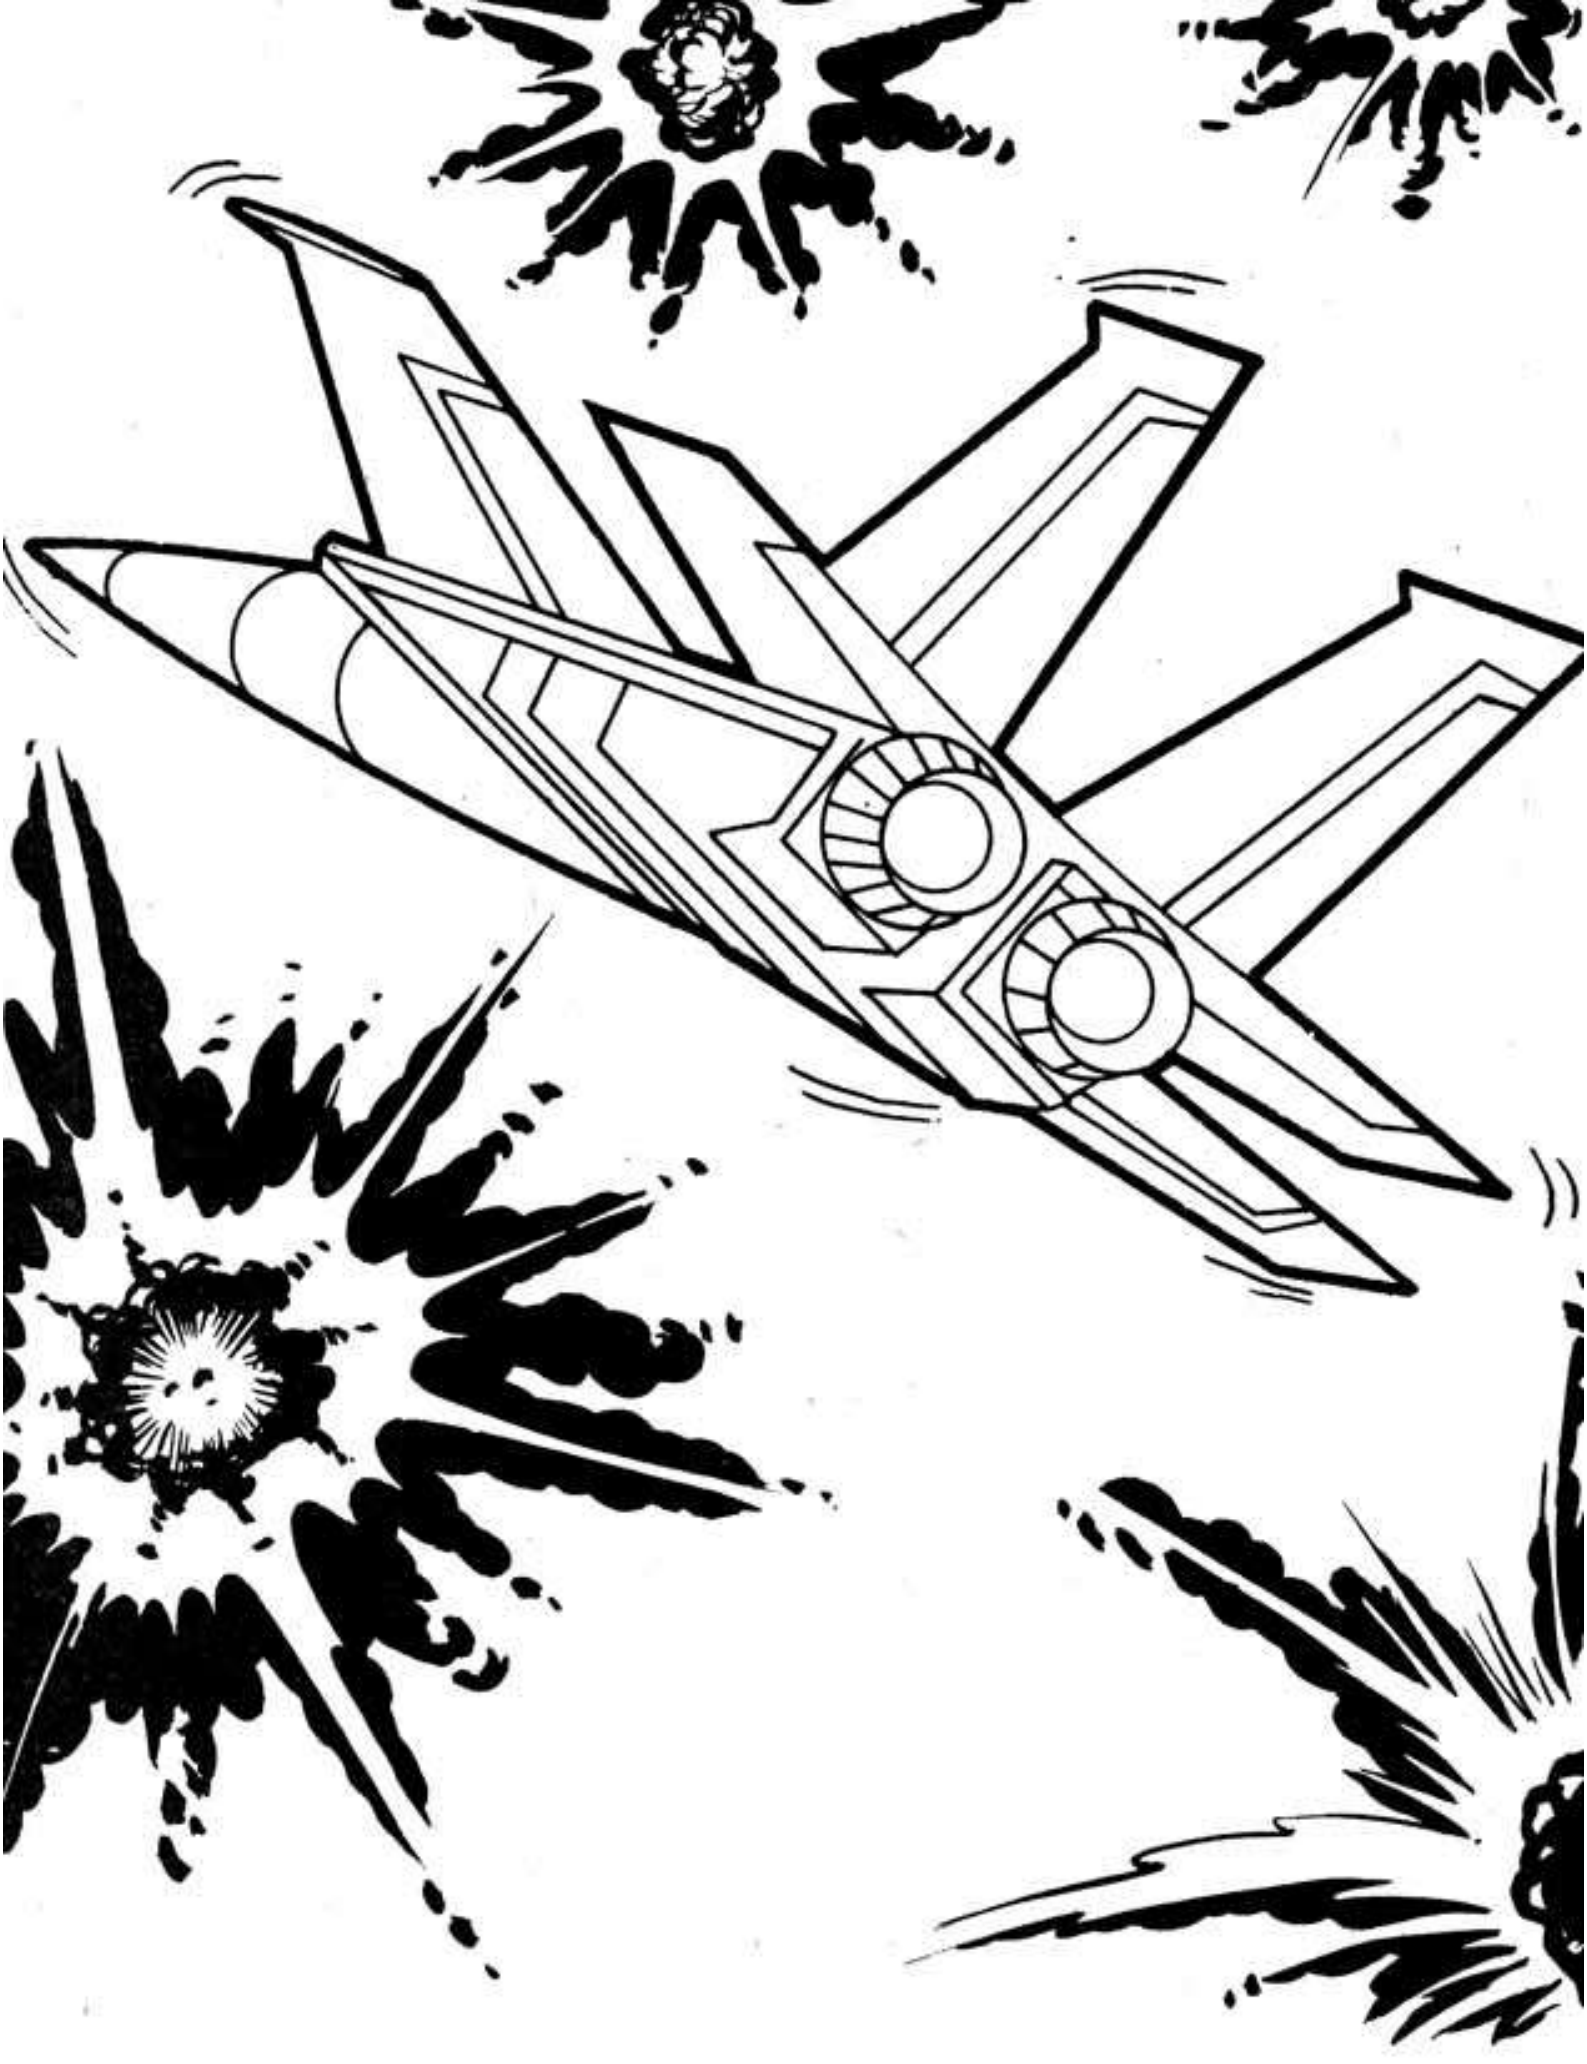
"I'm going to turn into a jet fighter and attack the Autobots from the sky!" says Starscream.



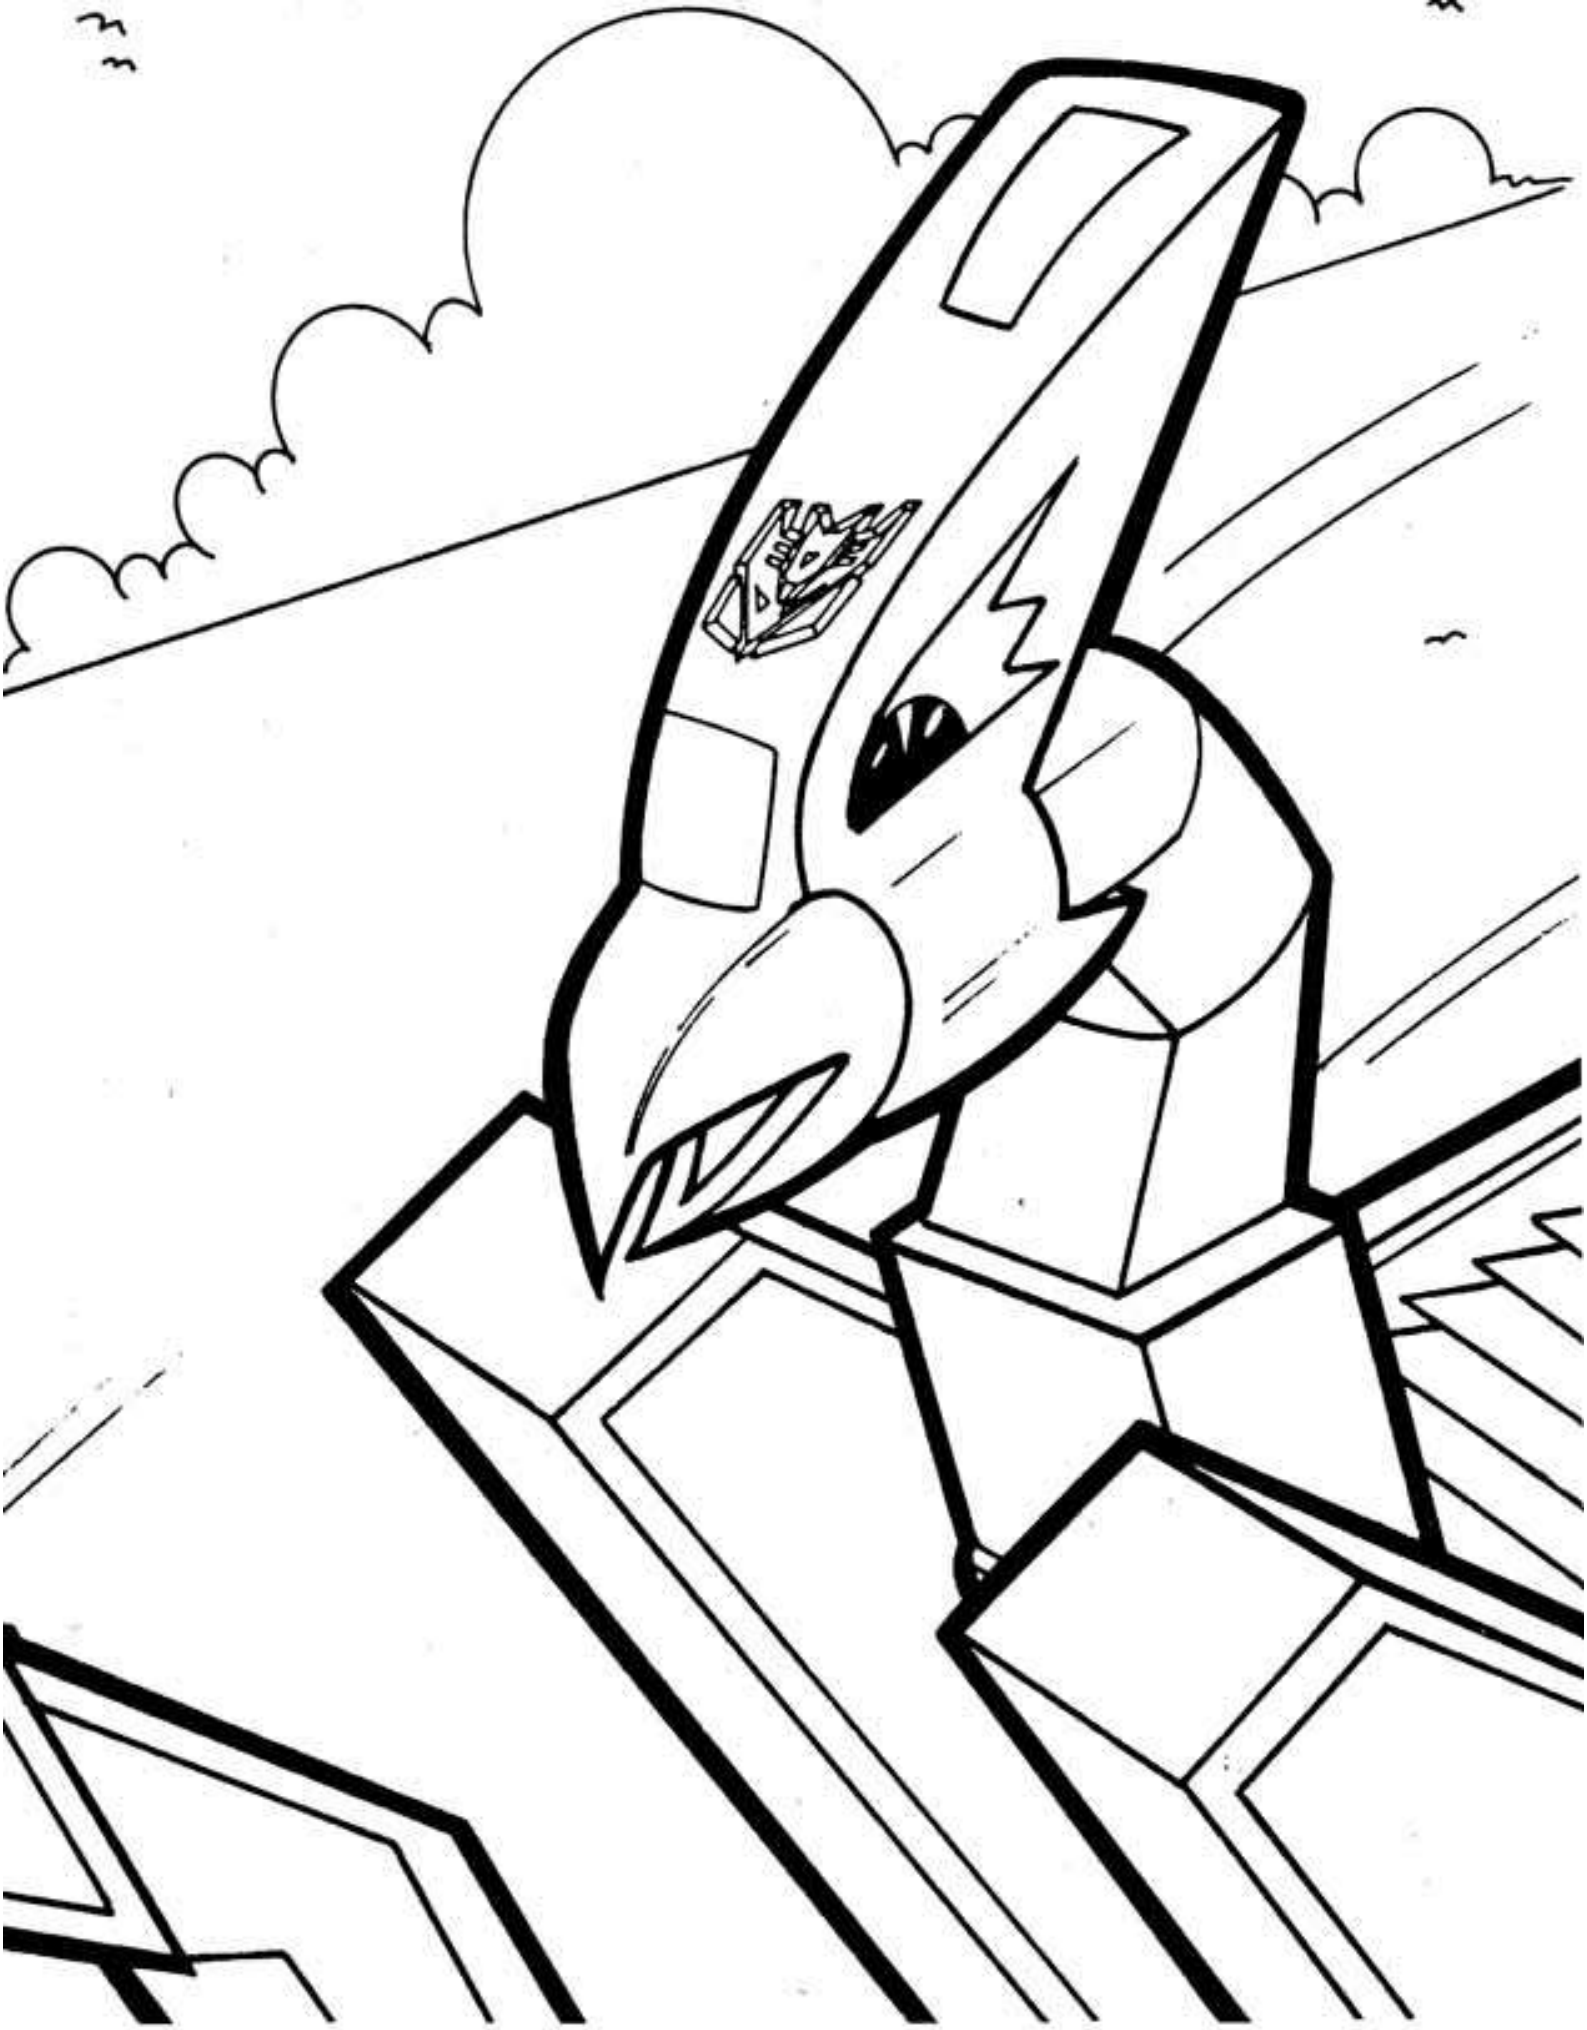
"I'm in a perfect position!" says Starscream. "Now to make my power dive!"



"My Combat Deck will take care of Starscream!" says Optimus Prime.

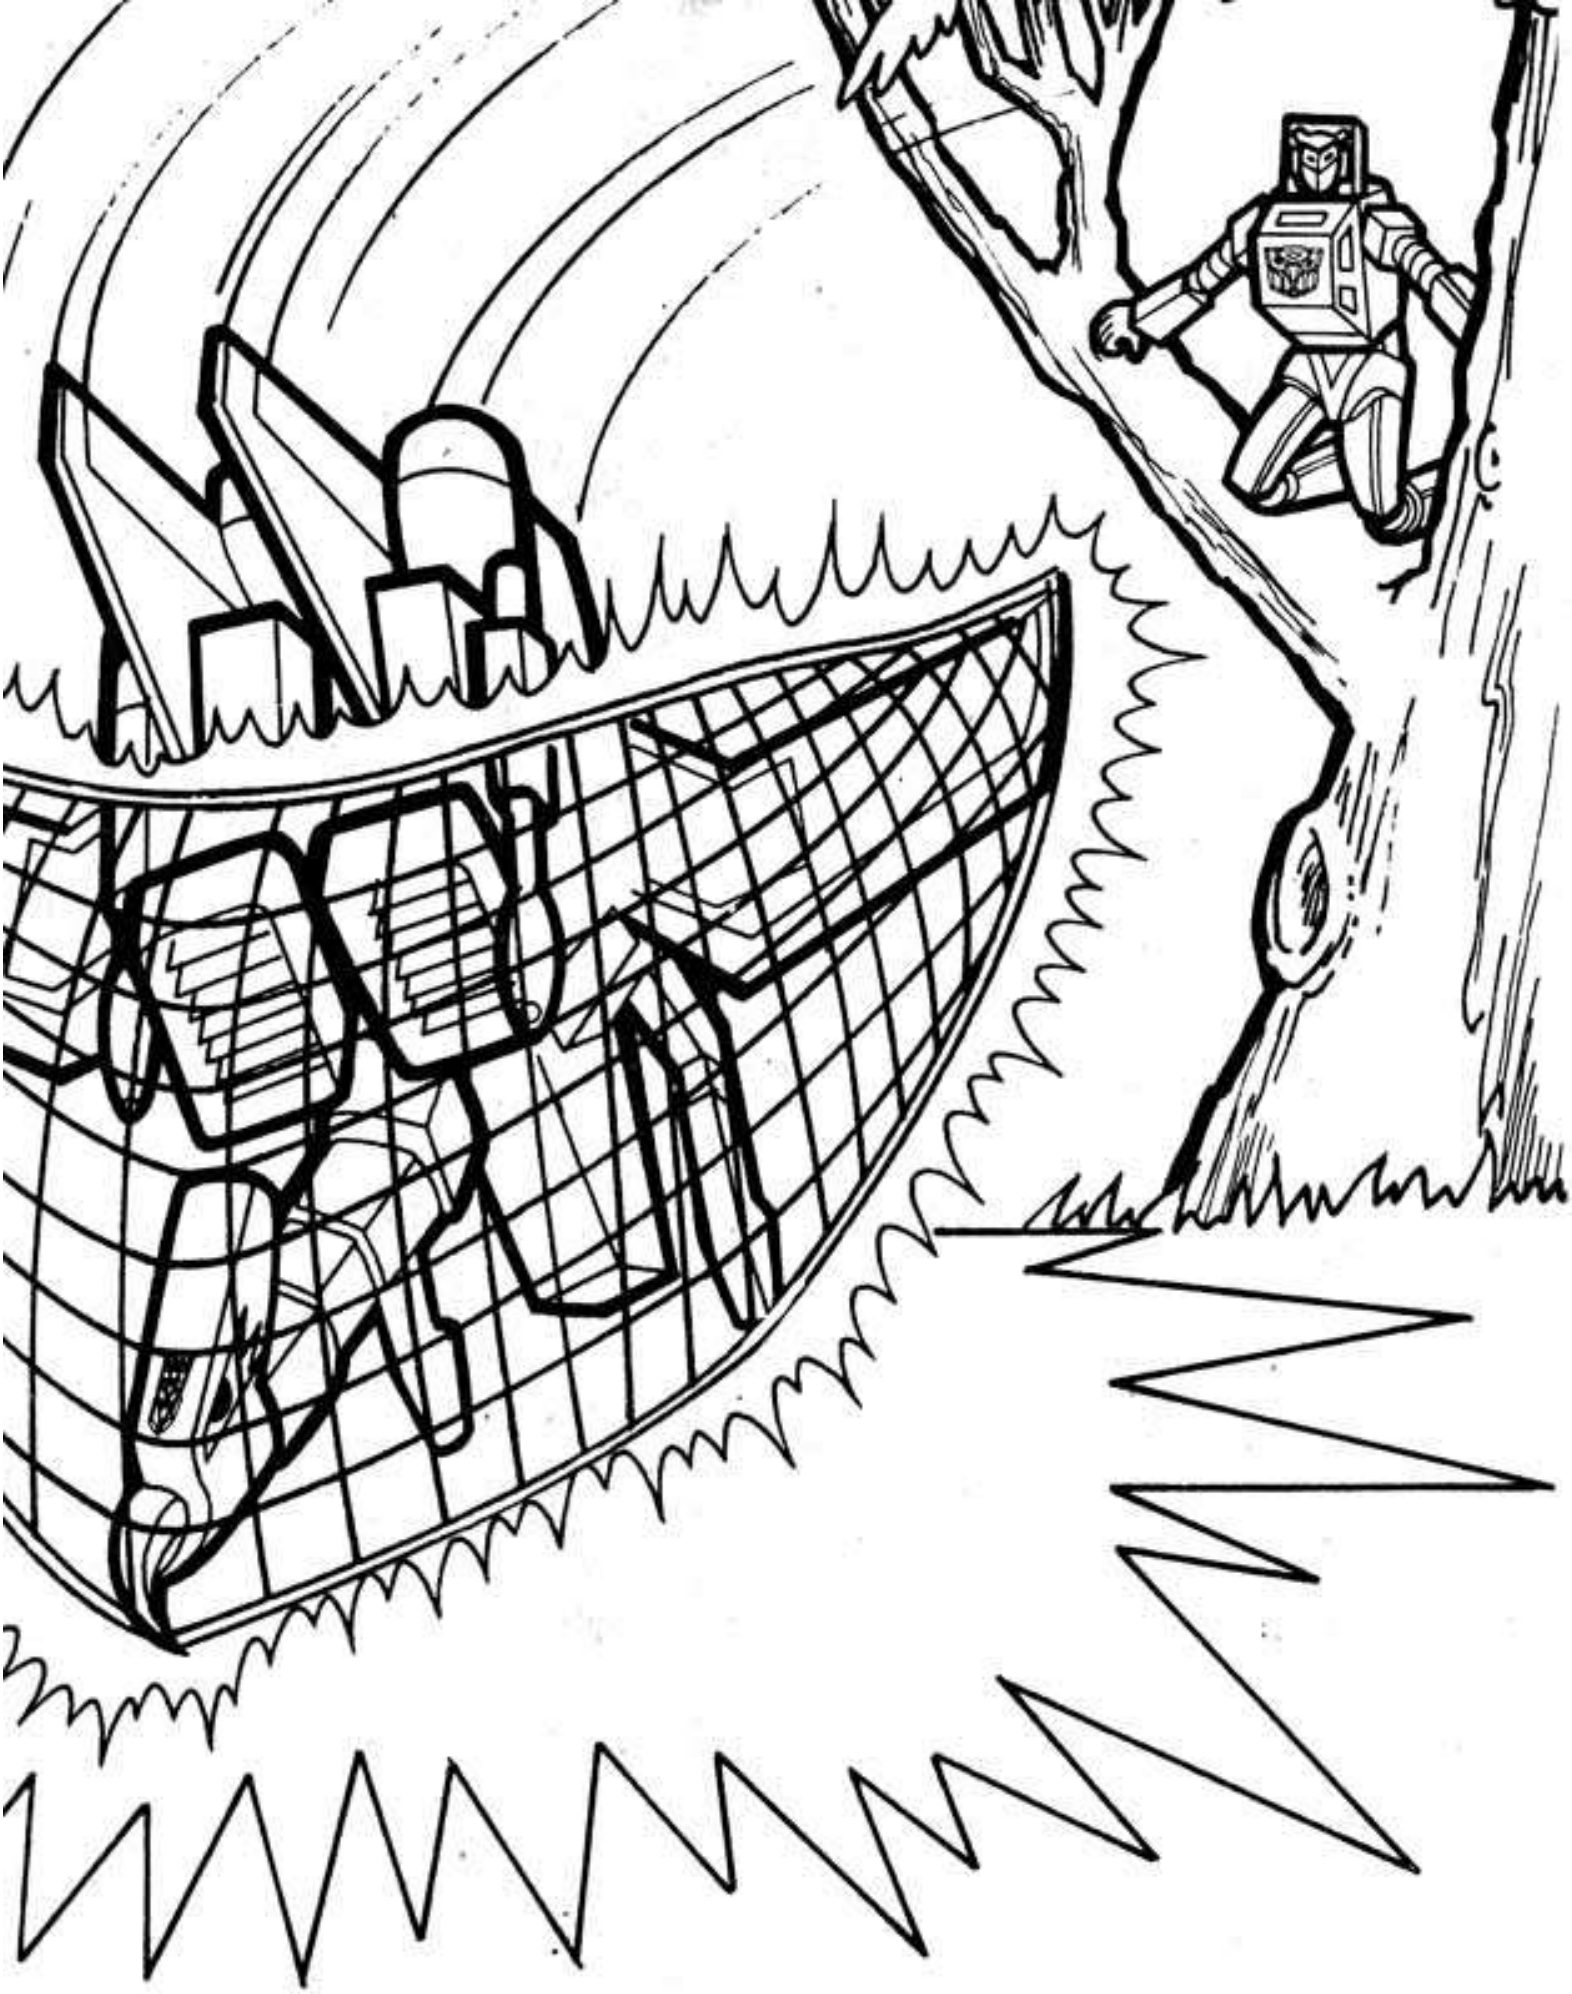


"Yikes!" cries Starscream. "Those missiles are getting too close for comfort! I'm getting out of here!"

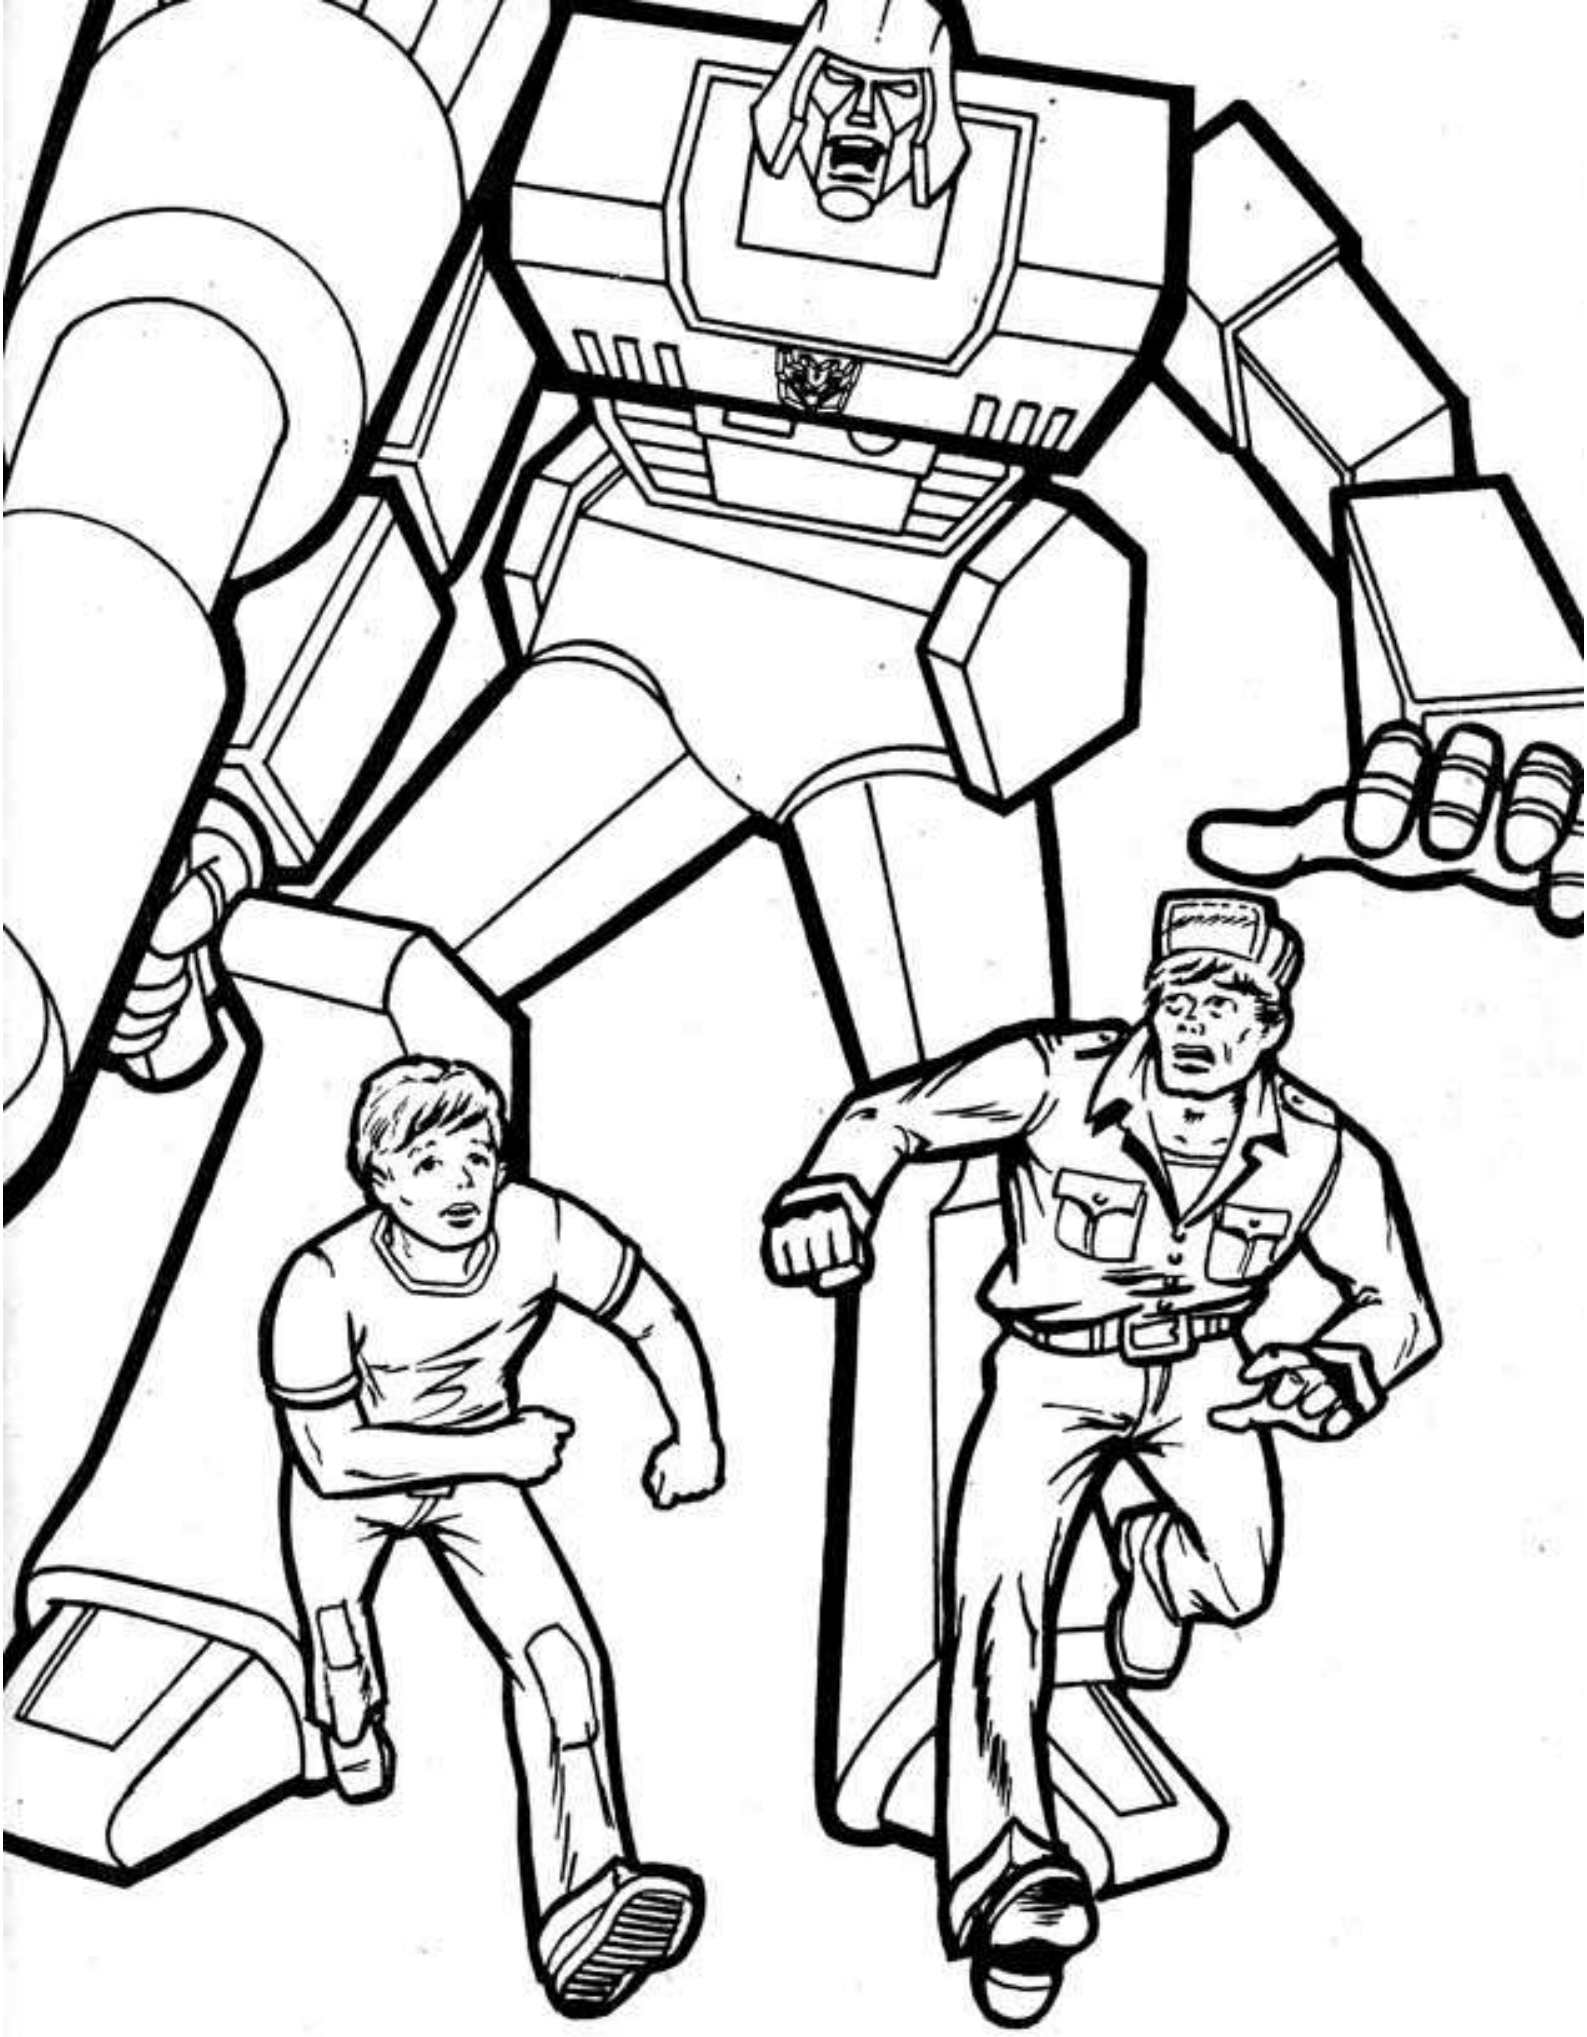


"Here I come," screams Laserbeak

"This electrified net will short your circuits and stop you cold, Laserbeak!" says Bumblebee.



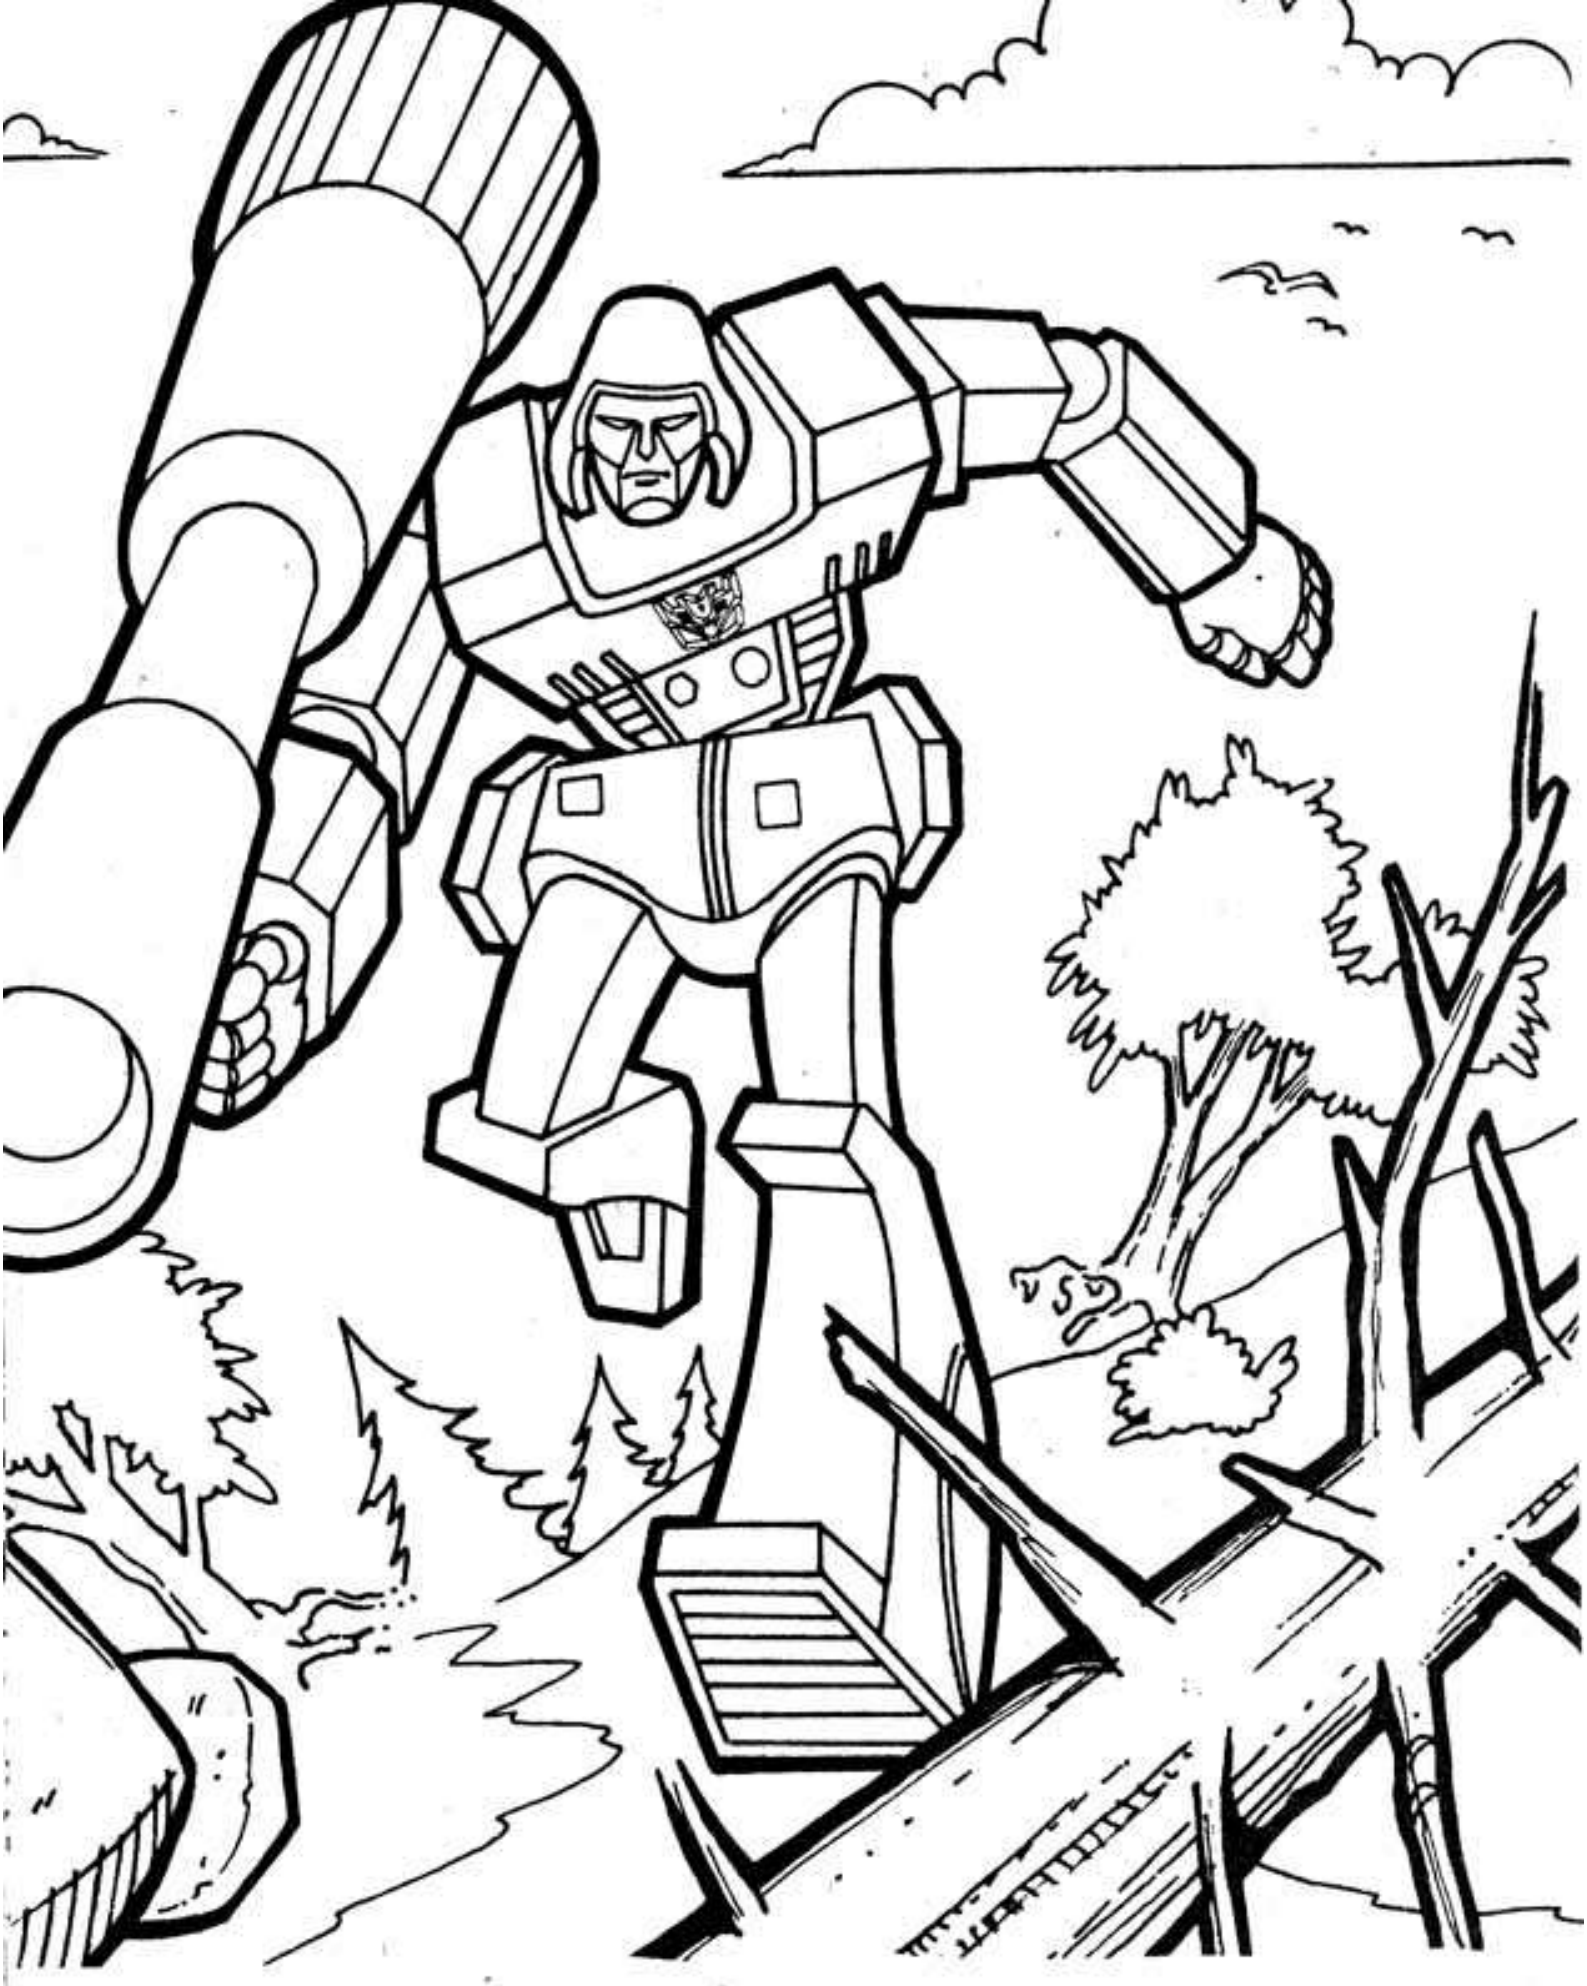
"Awk! I can't move," says Laserbeak.



"With you as my prisoners, the Autobots will surrender!" shouts Megatron.

"What is happening?" shouts Megatron angrily. "The humans are disappearing!"

"That is because I fooled you, Megatron!" says Hound. "My Trick Light makes things appear where they aren't!"

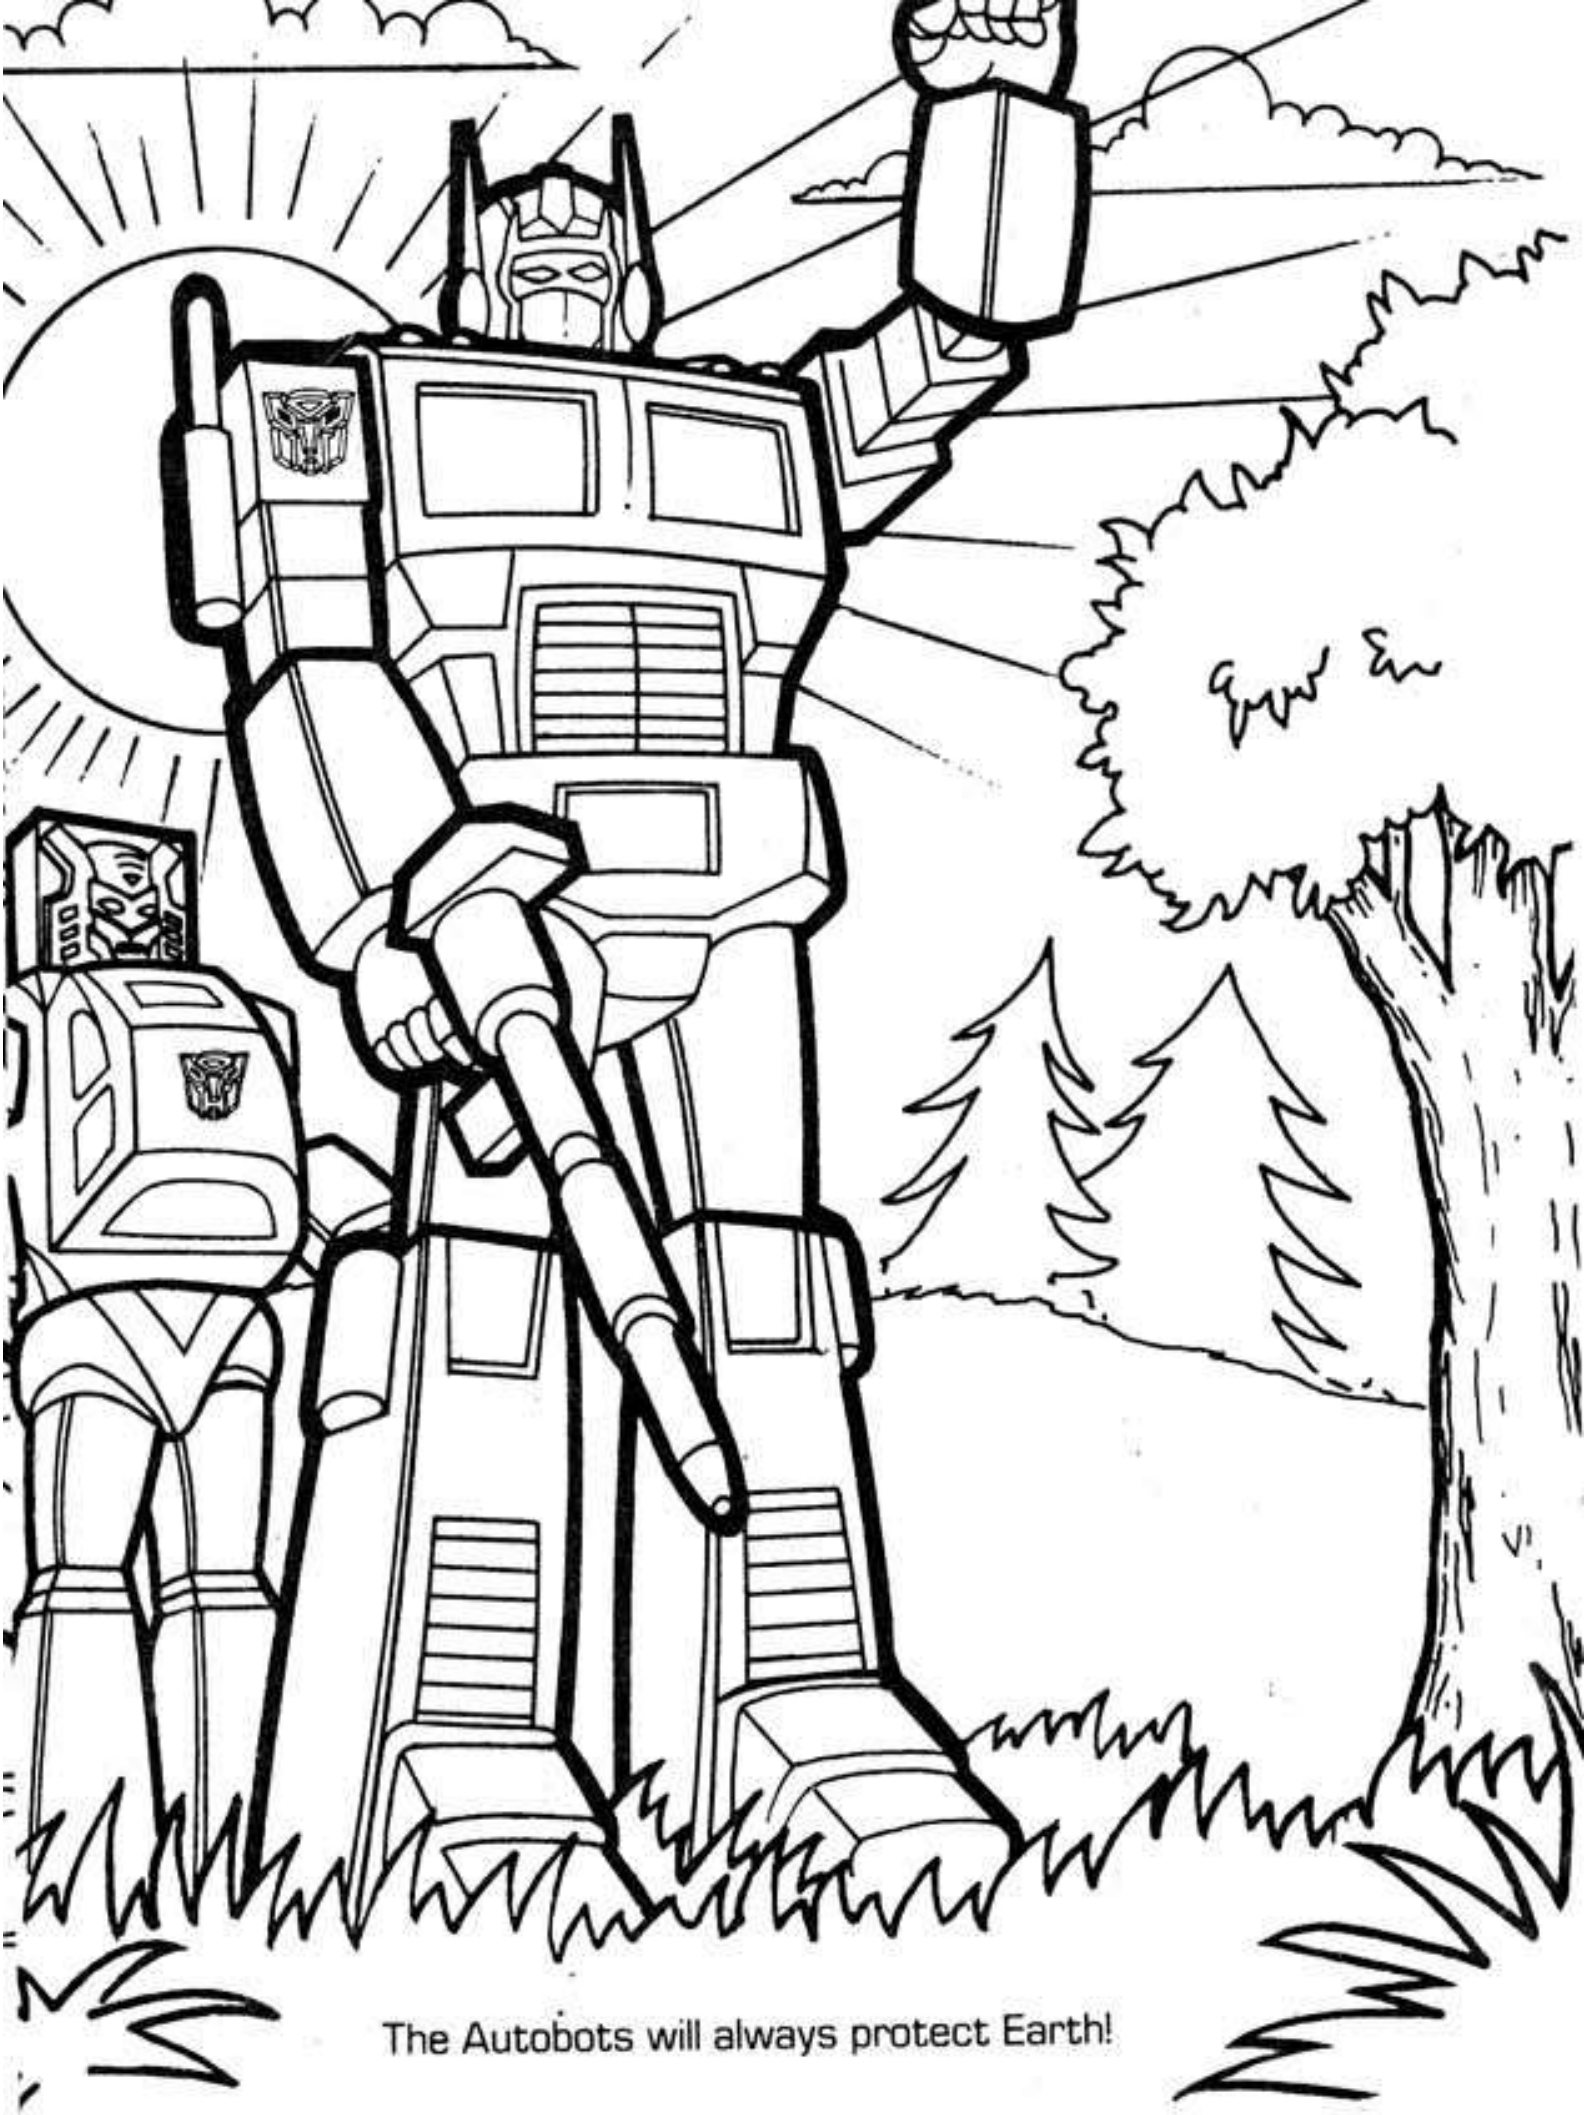


"The Autobots stopped my plans, but they won't stop me from getting away!" says Megatron.

"The next time we meet, the Decepticons will win and the Autobots will lose!" says Megatron. "Then the Earth will be ours!"

"I'd like to chase Megatron, but we must stay and fix the forest!" says Optimus Prime.

"The forest is back to normal!" shouts Butch happily. "Thank you, Autobots, you're the greatest friends the earth could have!"



The Autobots will always protect Earth!
